This chapter details the speech of Stephen, one of the early Christian deacons, who boldly addresses the Jewish council before his martyrdom. For students, Bible study groups, and anyone interested in early Christian history, exploring Acts chapter 7 questions and answers provides deeper understanding of the theological and historical context of the early Church. In this article, we will dive into the key events, themes, and lessons from this chapter, offering insightful explanations that bring the text to life.

Understanding the Context of Acts Chapter 7

Before delving into specific questions and answers, it's helpful to grasp the overall setting of Acts 7. The early Church was still forming, and tensions between the Jewish religious leaders and the followers of Jesus were escalating. Stephen, described as a man full of faith and the Holy Spirit, is brought before the Sanhedrin on charges of blasphemy. His response is not just a defense but a powerful retelling of Israel's history, highlighting God's faithfulness and Israel's repeated resistance to Him.

Who Was Stephen and Why Was He on Trial?

Stephen was one of the seven deacons appointed to serve the early Church, specifically to attend to the distribution of food and care for widows (Acts 6:1-6). His preaching and miracles attracted attention, but also opposition. The Jewish leaders accused him of speaking against the temple and the Law. Acts chapter 7 questions and answers often begin by clarifying Stephen's role and the accusations he faced.

Key Themes in Acts Chapter 7

Stephen's speech in Acts 7 is rich with themes that resonate throughout the Bible and Christian teaching.

God's Faithfulness Despite Human Rebellion

Stephen recounts the history of the Jewish people, starting with Abraham, moving through Joseph, Moses, and finally to Solomon's temple. He emphasizes how God was always present, guiding and delivering His people, even when they turned away. This theme is crucial because it shows the continuity of God's plan despite human failure.

The Rejection of God's Messengers

One of the most poignant points in Stephen's speech is the repeated pattern of Israel rejecting the prophets God sent, culminating in the rejection and murder of Jesus, whom Stephen identifies as the "Righteous One." This theme highlights the tragic resistance to God's message, a central reason for Stephen's condemnation.

The True Temple of God

Stephen challenges the idea that God is confined to the temple built by Solomon. He argues that God does not dwell in houses made by human hands – a revolutionary concept that anticipates the Christian understanding of God's presence among His people.

Acts Chapter 7 Questions and Answers: Exploring the Speech

Let's look at some common questions related to Stephen's speech and their answers that help clarify the text.

1. What is the significance of Stephen's recounting of Israel's history?

Stephen's retelling serves two purposes: first, to remind his audience of their ancestors' faith failures; second, to frame Jesus as the fulfillment of God's promises. By tracing the history from Abraham to Solomon, Stephen shows a consistent pattern of rejection toward God's messengers, preparing the council to understand why they are now rejecting Jesus.

2. How does Stephen describe Abraham's relationship with God?

Stephen emphasizes Abraham's obedience and faith, noting that God called him to leave his homeland and promised that his descendants would inherit the land. This highlights the theme of faith and trust in God's promises, which contrasts with Israel's later disobedience.

3. Why does Stephen focus on Moses and the Exodus story?

Moses is a central figure in Jewish identity, representing God's deliverance and law. Stephen points out that although Moses was God's chosen servant, the people repeatedly rejected him. This sets up the argument that rejecting Jesus, who is greater than Moses, is consistent with Israel's past.

4. What does Stephen mean when he says “The Most High does not live in houses made by human hands”?

This statement challenges the prevailing Jewish view that God’s presence was confined to the temple. Stephen argues that God transcends physical buildings and that the temple is not the ultimate dwelling place of God. This idea foreshadows the Christian belief in the Holy Spirit dwelling within believers.

5. What was the reaction of the Sanhedrin to Stephen’s speech?

Stephen’s speech enraged the members of the Sanhedrin because he accused them of being stiff-necked and resisting the Holy Spirit. They reacted violently, dragging him out of the city and stoning him to death, making Stephen the first Christian martyr.

Stephen’s speech underscores how knowing the history of God’s interaction with His people helps us understand current spiritual realities. It reminds us that scripture is interconnected and that lessons from the past apply to present challenges.

acts chapter 7 questions and answers: Eye of the Heart William F. Sullivan, 2005-01-01 What is the role of feelings in the euthanasia debate? This is the central question in William F. Sullivan's unique philosophical and ethical exploration of the issue, *Eye of the Heart*. Employing the principles and techniques of the great Canadian theologian and thinker Bernard Lonergan, Sullivan offers a concrete examination of the role of feelings in grasping moral values and the key role that feelings play in ethical decision-making. The heart has its reasons, he argues convincingly, and it is a type of reason that bioethicists, philosophers, and legal scholars all need to know. Sullivan draws on his experiences as a practicing physician to analyse the distinguishing elements of human knowing, illustrating them through common examples of decision-making in health care. He highlights the occurrence of various types of insight, particularly 'deliberative insights' that occur in the process of making value judgments. These deliberative insights are affective, and through them, a person apprehends moral values. *Eye of the Heart* proposes that feelings are relevant to knowing moral values and orient us towards moral self-transcendence. The implications of this stance in ethics are drawn out for the euthanasia debate.

acts chapter 7 questions and answers: Children, Religion and the Ethics of Influence John Tillson, 2019-06-13 In *Children, Religion and the Ethics of Influence*, John Tillson develops a theory concerning which kinds of formative influence are morally permissible, impermissible or obligatory. Applying this theory to the case of religion, he argues that religious initiation in childhood is morally impermissible whether conducted by parents, teachers or others. Tillson addresses questions such as: how we come to have the ethical responsibilities we do, how we understand religion, how ethical and religious commitments can be justified, and what makes children ethically special.

acts chapter 7 questions and answers: Getting Things Done at Work Bernadette Vine, 2004-01-01 The linguistic study of workplace language is a new and exciting area of research. This book explores the expression of power in a New Zealand workplace through examination of 52 everyday interactions between four women and their colleagues. The main focus of this research is the expression of three types of control acts, i.e., directives, requests and advice. The women include two managers who demonstrate an interactive participative style of management. They tend to minimise rather than exert power, although their status is still evident in their speech. The study is original in its combination of a quantitative and a qualitative approach, as well as in its combination of a detailed categorisation of head acts and an analysis of context and role relationships. Through the design of the study and the methodology used, the results which are brought forward challenge earlier research both on power and control acts. The data analyzed is drawn from the Wellington

Language in the Workplace Project.
