It was composed around 1650 in the Provence region of France, a place rich with Christmas customs and folk music. Unlike many carols that focus heavily on religious themes, this song takes a more lighthearted and narrative approach, telling the story of two young women, Jeanette and Isabella, who bring torches to find the newborn Jesus.

The melody itself is lively and dance-like, which reflects its roots as a popular folk tune before being adapted into a Christmas carol. The music is characterized by a simple, repetitive structure that makes it easy to sing along with, contributing to its enduring popularity.

Historical Origins and Evolution

The story behind "Bring a Torch, Jeanette, Isabella" traces back to 17th-century France, where the carol was first composed. Originally titled "Une Jeannette à la torche," the song was not initially a Christmas carol but a dance tune. Over time, it became associated with Christmas due to its lyrical content involving two peasant girls, Jeanette and Isabella, who come bearing torches to see the newborn Jesus.

This evolution from a secular dance melody to a cherished Christmas carol illustrates how cultural practices morph and adapt over centuries. The tune is typically set in a major key, often F major, contributing to its bright and cheerful tone.
