The Real Jack the Ripper: Unmasking History's Most Elusive Killer

the real jack the ripper remains one of history's most baffling and chilling enigmas. Over a century has passed since the grisly murders shocked Victorian London, yet the true identity of this infamous serial killer continues to elude experts and enthusiasts alike. The mystery surrounding the real Jack the Ripper has inspired countless theories, books, films, and investigations, making it one of the most enduring cold cases in criminal history. But who was this shadowy figure, and what clues have surfaced over time that might bring us closer to the truth?

The Historical Context of Jack the Ripper

To grasp the significance of the real Jack the Ripper, it's essential to understand the environment in which he operated. The Whitechapel district of London in 1888 was a place of poverty, overcrowding, and social turmoil. The East End was riddled with crime and hardship, making it an ideal backdrop for the killer's reign of terror.

The Victims and Their Stories

The canonical five victims commonly attributed to Jack the Ripper were all women—Mary Ann Nichols, Annie Chapman, Elizabeth Stride, Catherine Eddowes, and Mary Jane Kelly. They were primarily impoverished prostitutes, vulnerable and living on the margins of society.

- **Mary Ann Nichols:** The first known victim, found murdered on August 31, 1888.
- **Annie Chapman:** Discovered just a week later, her brutal killing shocked the city.
- **Elizabeth Stride:** Murdered on September 30, but some debate if she was a Ripper victim

Frequently Asked Questions

Who was the real Jack the Ripper?

The true identity of Jack the Ripper remains unknown, as no definitive evidence has ever been found to conclusively identify the killer.

When did Jack the Ripper commit his crimes?

Jack the Ripper's murders occurred in the Whitechapel district of London between August and November 1888.

How many victims did Jack the Ripper have?

Jack the Ripper is believed to have murdered at least five women, known as the 'canonical five,' though some theories suggest there may have been more victims.

What was Jack the Ripper's motive?

The motive behind Jack the Ripper's killings is uncertain, but many experts believe it was driven by a mix of psychological issues, hatred towards women, and possibly attempts to cover up secrets.

Were there any suspects identified as Jack the Ripper?

Many suspects have been proposed over the years, including Montague John Druitt, Aaron Kosminski, Michael Ostrog, and even high-profile figures, but none have been definitively proven to be the killer.

Why has Jack the Ripper's identity remained a mystery?

Due to the lack of forensic technology at the time, limited eyewitness accounts, and possible police incompetence or corruption, Jack the Ripper's identity has never been conclusively established.

What impact did Jack the Ripper have on society?

The Jack the Ripper murders created widespread fear, influenced policing methods, and have since become a cultural phenomenon inspiring countless books, films, and theories.

Did Jack the Ripper write any letters?

Several letters purportedly from Jack the Ripper were sent to the police and newspapers, but most experts believe these letters were hoaxes and not written by the killer.

What methods did Jack the Ripper use to kill his victims?

Jack the Ripper typically attacked women late at night, using a knife to mutilate and kill his victims, often targeting prostitutes in the Whitechapel area.

Are there any modern investigations into Jack the Ripper's identity?

Yes, modern investigations use DNA analysis, historical research, and forensic techniques to try to identify Jack the Ripper, but no conclusive results have been achieved so far.

The Real Jack the Ripper: Unveiling the Mysteries of History's Most Notorious Serial Killer

the real jack the ripper remains one of the most enigmatic figures in criminal history. Despite numerous investigations, theories, and debates spanning over a century, the true identity of this infamous serial killer has never been conclusively established. The moniker "Jack the Ripper" originated from a letter purportedly written by the murderer, taunting the police and media during the brutal Whitechapel murders of 1888. This article delves deeply into the evidence, suspects, and cultural impact surrounding the real Jack the Ripper, exploring what modern forensic science and historical research reveal about this elusive figure.

The Context of the Jack the Ripper Murders

Jack the Ripper's killing spree took place in the impoverished Whitechapel district of London during the late 19th century. Within a few months in 1888, five women—later known as the “canonical five”—were brutally murdered. These victims, Mary Ann Nichols, Annie Chapman, Elizabeth Stride, Catherine Eddowes, and Mary Jane Kelly, were all prostitutes, and the murders were characterized by extreme violence, mutilation, and apparent surgical precision in some cases.

The police investigation at the time was hampered by limited forensic techniques, lack of reliable eyewitness accounts, and the overwhelming social conditions in Whitechapel, including poverty, overcrowding, and rampant crime. The media sensationalized the murders, which intensified public fear and fascination, ultimately contributing to the enduring mystery of the real Jack the Ripper.

Examining the Evidence: What Do We Know?

While the term “Jack the Ripper” is synonymous with terror and brutality, the tangible evidence linking the murders remains scarce and often contradictory. The primary sources include police reports, witness testimonies, letters allegedly sent by the killer, and forensic analysis limited by the era's rudimentary technology.

The Letters and Their Authenticity

Several letters were received by the police and newspapers during the investigation. The most famous, signed “Jack the Ripper,” taunted authorities and claimed responsibility for the murders. However, many experts question the authenticity of these letters, suspecting some were hoaxes perpetrated by journalists or pranksters seeking attention. Modern linguistic analysis and historical context suggest that the letters do not conclusively come from the killer, complicating efforts to profile the real Jack the Ripper.

Victimology and Crime Scene Analysis

The selection of victims—primarily vulnerable women involved in prostitution—is significant in understanding the killer's motives and psychology. The mutilations, especially the removal of

internal organs in some cases, imply either anatomical knowledge or a deep-seated rage. Forensic experts hypothesize that the killer may have had medical or butcher experience due to the precision of the incisions.

Crime scene details were meticulously documented by the police, but the chaotic environment of Whitechapel at night made accurate reconstruction challenging. Some murders occurred in public spaces, while others, like Mary Jane Kelly's, took place indoors, possibly indicating an evolution in the killer's methods or confidence.

Suspects and Theories Surrounding the Real Jack the Ripper

Over the decades, the identity of the real Jack the Ripper has been attributed to dozens of suspects, ranging from local residents to prominent figures. While none have been definitively proven guilty, several stand out due to the weight of circumstantial evidence and historical analysis.

Common Suspects

- **Montague John Drutt:** A barrister and teacher whose suicide shortly after the last canonical murder led some investigators to suspect him.
- **Aaron Kosminski:** A Polish immigrant and barber, often cited due to reports of his violent tendencies and mental instability.
- **Michael Ostrog:** A career criminal and con man, though evidence connecting him to the murders is tenuous.
- **Sir William Gull:** Physician to Queen Victoria, proposed in conspiracy theories but lacking credible proof.
- **John Pizer:** A local bootmaker initially suspected but later cleared by police.

Each suspect presents a mix of plausible motives, opportunities, and weaknesses in the case against them. For example, Drutt's suicide aligns suspiciously with the cessation of murders, but no direct evidence links him to the crimes. Similarly, Kosminski remains a popular suspect due to police notes, but conclusive forensic proof is absent.

Modern Investigations and DNA Analysis

Recent advances in forensic science have reinvigorated attempts to identify the real Jack the Ripper. In particular, DNA analysis of preserved evidence, such as the shawl reportedly found at a crime scene, has been used to test genetic material linked to suspects or victims' descendants.

However, these efforts are fraught with challenges. Contamination, degradation of samples, and the passage of over a century complicate results. Some studies claimed to have matched DNA to Kosminski's descendants, but these findings remain controversial and unverified by the wider scientific community.

The Cultural Legacy of Jack the Ripper

Regardless of the unresolved identity, the real Jack the Ripper has become a symbol of Victorian-era fear and fascination with crime. The case has influenced countless books, films, and academic studies, embedding itself deeply in popular culture.

Impact on Policing and Criminal Profiling

The Jack the Ripper murders highlighted the limitations of 19th-century policing and spurred the development of modern investigative techniques. The case is often cited as an early example that underscored the necessity of forensic science, criminal profiling, and coordinated police work.

Media Sensationalism and Public Perception

The media played a pivotal role in shaping the legend of Jack the Ripper. Newspapers of the time sensationalized the murders, often prioritizing dramatic narratives over factual reporting. This phenomenon created a feedback loop of fear and intrigue that persists today, influencing how serial killers are portrayed in media and public discourse.

Understanding the Real Jack the Ripper Through a Contemporary Lens

While the true identity of Jack the Ripper may never be definitively known, a comprehensive examination of historical records and modern analyses suggests certain conclusions. The killer was likely someone with intimate knowledge of anatomy, operating in the shadows of Whitechapel's destitution. The psychological profile points to a deeply disturbed individual, driven by complex motives intertwined with social conditions of the time.

The real Jack the Ripper remains elusive, partly because of the limitations of contemporary investigative resources and partly due to the myths and conspiracies that have grown around the case. However, ongoing research, combining historical scholarship with cutting-edge forensic science, continues to peel back layers of mystery.

In the end, the story of Jack the Ripper is as much about Victorian society's struggles as it is about a singular criminal. His legacy challenges investigators and historians alike to balance sensationalism with sober inquiry—a testament to the enduring quest for truth in one of history's most baffling murder cases.

the real jack the ripper: *Jack the Ripper - Unmasked: The Real Identity of the World's Most Infamous Killer is Revealed at Last* William Beadle, 2010-06-07 Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different. Since those dark days in Victorian London we have learnt much about this type of killer: their damaged childhoods, misfit adulthoods and psychopathic alienation from the human race. But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians? By comparing the crimes of the Ripper with those of other serial killers, Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before. One suspect who embodied all the dire characteristics was William Henry Bury. Bury moved to the East End of London in 1887. He had a terrible childhood, he was a horsemeat butcher, and he had a violent relationship with his wife. But was Bury the Ripper? Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence: Bury was out all night on the dates of the

murders, and when his wife 'committed suicide' she had been strangled and her body ripped up in the same way as the Ripper's victims. When Bury was executed for the murder of his wife, the killings in the East End stopped. A Scotland Yard detective even conceded to the hangman that he was 'quite satisfied you have hanged Jack the Ripper'.

the real jack the ripper: Naming Jack the Ripper Russell Edwards, 2024-10-01 The definitive identity of the world's most notorious serial killer is finally revealed. In this latest edition of Naming Jack the Ripper, three brand-new chapters detail Ripperologist Russell Edwards' ongoing work since 2014 and how he has solved – for the first time ever – many of the long-unanswered mysteries regarding the how and why of the killings, the Goulston Street Graffito . . . and why the real killer was not charged in 1888. All the experts agreed: we would never know the true identity of the world's most famous serial killer. It has taken 136 years of theorizing and speculation, plus the determination of Russell Edwards, a twenty-first-century businessman fascinated by the nineteenth-century social history of London's East End, to finally solve the mystery of Jack the Ripper. In February 2014, Russell received stunning DNA results and revealed the true identity and name of Jack the Ripper. In the decade since, he has continued his quest to prove the identity of the Ripper beyond the shadow of a doubt. The key to the solution lay in the sole piece of physical evidence to have survived from the murders of five Whitechapel women by the Ripper in 1888. In the early morning of Sunday, 30th September 1888, a shawl lay bloodied alongside the body of the Ripper's fourth victim, Catherine Eddowes. A Metropolitan Police officer, PC Amos Simpson, was attending the crime scene as an acting sergeant and was permitted to take the shawl away. It remained in his family until the author bought it in 2007, following a public auction. But could the shawl's provenance be proved? Russell set about authenticating the shawl by commissioning scientists at Liverpool John Moores University, led by Dr Jari Louhelainen, to use modern forensic techniques to analyze DNA extracted from stains on the shawl – DNA from both Catherine Eddowes and her suspected killer. In this book, Russell examines the police reports, eyewitness accounts, post-mortems, and all known information on the lives of the victims, in his search for vital clues. With the help of modern forensic techniques, Russell's ground-breaking discoveries provide conclusive answers to many of the most challenging mysteries surrounding the case.

the real jack the ripper: One-Armed Jack Sarah Bax Horton, 2023-08-31 Bringing a completely new analytical approach to the identity of the most notorious murderer in history, Sarah Bax Horton presents compelling evidence and names the real Jack the Ripper.

the real jack the ripper: Jack the Ripper Richard Whittington-Egan, 2013-10-15 The definitive work on Jack the Ripper and the various theories from the time of the murders to the present day

the real jack the ripper: Serial Killers The New York Times Editorial Staff, 2018-12-15 Jack the Ripper. Charles Manson. Ted Bundy. Jeffrey Dahmer. Aileen Wuornos. These names conjure images of the worst of humankind. Much of what we know about these infamous predators came from news coverage at the time they were committing the murders that would scare and intrigue generations of readers. Sketches of these uniquely terrifying people emerged through descriptions of the victims and crime scenes, likely suspects, trials, sentences, and, in some cases, their own deaths. Grouped into four chapters that span the 1890s through 2010s, this book profiles nine of the most infamous serial killers in history.

the real jack the ripper: The Crimes of Jack the Ripper Paul Roland, 2010-04-30 Roland provides a well-balanced overview ... extensively illustrated and with timely coverage of some of the latest theories and research. -Stephen P. Ryder, Editor, Casebook: Jack the Ripper More than a century after he stalked the streets of London's East End, Jack the Ripper continues to exert a macabre fascination on the popular imagination. After scrupulously re-examining official documents of the time, investigative journalist Paul Roland strips away decades of

myth and misconceptions to reveal the identity of a brand-new suspect who has never been seriously considered until now. If you are expecting a finger to be pointed at one of the usual suspects, be prepared to have your assumptions turned on their head. If these crimes were being investigated today, what would the authorities consider to be the vital clues? How would their profilers describe England's first serial killer and who would they be looking to convict? As Roland makes clear in this book, nothing about the Whitechapel murders can be taken at face value.

the real jack the ripper: Who Was the Real Jack the Ripper? Veronika Knight, 2012-12-13 Who was Jack the Ripper? Why did he commit such horrific murders? What drove him? And, why was the crime never solved? A student of History at Oxford explores the life of Jack the Ripper. However, neither he nor his girlfriend realize the dangerous journey of obsession he is about embark upon. Although this tale is based in historical fact, the author in no way intends to solve the actual crimes. This is just meant to be a work of entertainment, with an unusual theory regarding an old historical question Who Was Jack the Ripper? So enjoy the suspense! Who Was Jack The Ripper? A short story for mystery lovers....

the real jack the ripper: The Complete and Essential Jack the Ripper Paul Begg, John Bennett, 2013-11-21 Discover the truth behind the myth in The Complete Jack the Ripper by Paul Begg and John Bennett. Whitechapel, 1888: a spate of brutal murders becomes the most notorious criminal episode in London's history. The killer, chillingly nicknamed 'The Whitechapel Murderer', 'Leather Apron' and, most famously, 'Jack the Ripper', is never brought to justice for the slaughter and mutilation of at least five women in the slums of East London. But the mystery is deepened by a letter sent From Hell to Scotland Yard, accompanied by half of a preserved human kidney... In this comprehensive account of London's most infamous killer, the foremost authorities on the case explore the facts behind the most grisly episode of the Victorian era. Setting the scene in the impoverished East End, the authors' meticulous research offers detailed accounts of the lives of the victims and an examination of the police investigation. The Complete Jack the Ripper is the definitive book by Paul Begg and John Bennett, exploring both the myth and reality behind the allusive killer. Paul Begg and John Bennett are researchers and authors, widely recognized as authorities on Jack the Ripper. Paul Begg's books include Jack the Ripper: The Facts, Jack the Ripper: The Definitive History, and he is a co-author of The Jack the Ripper A to Z. John Bennett has written numerous articles and lectured frequently on Jack the Ripper and the East End of London. He has acted as adviser to and participated in documentaries made by television channels worldwide and was the co-writer for the successful Channel 5 programme Jack the Ripper: The Definitive Story. He is author of E1: A Journey Through Whitechapel and Spitalfields and co-author of Jack the Ripper: CSI Whitechapel.

the real jack the ripper: Jack the Ripper Gary Coville, Patrick Lucanio, 2015-06-14 The identity of Jack the Ripper has consumed public curiosity since he first tormented the East End of London in 1888. Numerous theories have been offered as to his identity, but he remains in the shadows where, it seems, only imaginative literature has been able to elucidate his meaning to the modern world. This work surveys the literary, film, television, and radio treatments of Jack the Ripper and his crimes. The works of fiction are thoroughly analyzed, as are the major nonfiction works that have offered various theories about the Ripper's identity. Works whose narratives are obviously inspired by Jack the Ripper and his crimes are also discussed.

the real jack the ripper: The Ripper's Victims in Print Rebecca Frost, 2018-01-12 Mary Ann Nichols, Annie Chapman, Elizabeth Stride, Katherine Eddowes and Mary Jane Kelly--the five known victims of Jack the Ripper--are among the most written-about women in history. Hundreds of books on the Ripper murders describe their deaths in detail. Yet they themselves remain as mysterious as their murderer. This first ever study of the victims surveys the Ripper literature to reveal what is known about their lives, how society viewed them at the

time of their deaths, and how attitudes and perceptions of them have (or have not) changed since the Victorian era.

the real jack the ripper: *Jack the Ripper* Victor Stapleton, 2014-10-20 The first highly-illustrated work to explain the full story of Jack the Ripper, including the history, the conspiracy theory, and his enduring popularity as a character in the mass media. Over a century ago terror stalked the streets of Whitechapel. Jack the Ripper's brutal campaign of murder panicked Victorian London at the time, but his legacy reaches out to the present day. If anything the story of Jack is now more confusing, obscure and mysterious than ever. With each passing generation, new theories and suspects spring up, adding a new page to a legend that has turned Jack from a historical figure into a mythical character who has become a star of folklore, literature and cinema. Within these pages Victor Stapleton embarks on a quest , retracing the serial killer's bloody tracks through the foggy alleys of London to finally reveal the true story of Jack the Ripper.

the real jack the ripper: *Portrait Of A Killer: Jack The Ripper -- Case Closed* Patricia Cornwell, 2002-11-11 Now updated with new material that brings the killer's picture into clearer focus. In the fall of 1888, all of London was held in the grip of unspeakable terror. An elusive madman calling himself Jack the Ripper was brutally butchering women in the slums of London's East End. Police seemed powerless to stop the killer, who delighted in taunting them and whose crimes were clearly escalating in violence from victim to victim. And then the Ripper's violent spree seemingly ended as abruptly as it had begun. He had struck out of nowhere and then vanished from the scene. Decades passed, then fifty years, then a hundred, and the Ripper's bloody sexual crimes became anemic and impotent fodder for puzzles, mystery weekends, crime conventions, and so-called "Ripper Walks" that end with pints of ale in the pubs of Whitechapel. But to number-one New York Times bestselling novelist Patricia Cornwell, the Ripper murders are not cute little mysteries to be transformed into parlor games or movies but rather a series of terrible crimes that no one should get away with, even after death. Now Cornwell applies her trademark skills for meticulous research and scientific expertise to dig deeper into the Ripper case than any detective before her—and reveal the true identity of this fabled Victorian killer. In *Portrait of a Killer: Jack the Ripper, Case Closed*, Cornwell combines the rigorous discipline of twenty-first century police investigation with forensic techniques undreamed of during the late Victorian era to solve one of the most infamous and difficult serial murder cases in history. Drawing on unparalleled access to original Ripper evidence, documents, and records, as well as archival, academic, and law-enforcement resources, FBI profilers, and top forensic scientists, Cornwell reveals that Jack the Ripper was none other than a respected painter of his day, an artist now collected by some of the world's finest museums: Walter Richard Sickert. It has been said of Cornwell that no one depicts the human capability for evil better than she. Adding layer after layer of circumstantial evidence to the physical evidence discovered by modern forensic science and expert minds, Cornwell shows that Sickert, who died peacefully in his bed in 1942, at the age of 81, was not only one of Great Britain's greatest painters but also a serial killer, a damaged diabolical man driven by megalomania and hate. She exposes Sickert as the author of the infamous Ripper letters that were written to the Metropolitan Police and the press. Her detailed analysis of his paintings shows that his art continually depicted his horrific mutilation of his victims, and her examination of this man's birth defects, the consequent genital surgical interventions, and their effects on his upbringing present a casebook example of how a psychopathic killer is created. New information and startling revelations detailed in *Portrait of a Killer* include: - How a year-long battery of more than 100 DNA tests—on samples drawn by Cornwell's forensics team in September 2001 from original Ripper letters and Sickert documents—yielded the first shadows of the 75- to 114 year-old genetic evid...

the real jack the ripper: *Jack the Ripper* Gavin Baddeley, 2022-06-13 Five brutal murders shocked London in the summer and autumn of 1888. They have never been forgotten.

The Jack the Ripper case has never been solved - the killer remains a blood-spattered silhouette. Although 'Jack' as an entity was almost certainly invented by an unscrupulous journalist, he became an archetype - decked in the top hat and cloak of a Victorian melodrama villain, stalking the fog-wreathed streets of the old East End. The numerous Ripper theories which emerged at the time tell us more about Victorian attitudes than they do about the killer's true identity. In *Jack the Ripper* the authors follow the grim homicidal trails that have permeated popular culture since the Whitechapel murders of 1888. It tells the victim's stories in all their desperate poignancy, and explores the theories and suspects of the burgeoning field of 'ripperology'. Conspiracy theories and myths that swirl around the case to this day, from black magicians to the royal family, are considered, as is the modern forensic view of the Ripper murders as sex crimes, with reference to disturbing modern cases such as that of the 'Plumstead Ripper'. Terrifying and unignorable, this is the ultimate book on Jack the Ripper.

the real jack the ripper: Jack the Ripper's London Mark Davis, Richard C. Cobb, 2025-07-15 A photographic journey around the East End of London exploring the myriad of places connected to Jack the Ripper.

the real jack the ripper: Jack the Ripper & the London Press L. Perry Curtis, 2020-08-11 Breaks new ground in its examination of the role of newspaper reporting during the police hunt for the first notorious serial killer.— Reviews in History Press coverage of the 1888 mutilation murders attributed to Jack the Ripper was of necessity filled with gaps and silences, for the killer remained unknown and Victorian journalists had little experience reporting serial murders and sex crimes. This engrossing book examines how fourteen London newspapers—dailies and weeklies, highbrow and lowbrow—presented the Ripper news, in the process revealing much about the social, political, and sexual anxieties of late Victorian Britain and the role of journalists in reinforcing social norms. L. Perry Curtis surveys the mass newspaper culture of the era, delving into the nature of sensationalism and the conventions of domestic murder news. Analyzing the fourteen newspapers—two of which emanated from the East End, where the murders took place—he shows how journalists played on the fears of readers about law and order by dwelling on lethal violence rather than sex, offering gruesome details about knife injuries but often withholding some of the more intimate details of the pelvic mutilations. He also considers how the Ripper news affected public perceptions of social conditions in Whitechapel. The apparently motiveless violence of the Whitechapel killings denied journalists a structure, and it is the resulting creativity in news reporting that L. Perry Curtis Jr describes. His impressive book makes a genuine contribution to 19th-century history in a way that books addressing the banal question of the identity of the Ripper do not.— The Guardian

the real jack the ripper: The Hidden Lives of Jack the Ripper's Victims Robert Hume, 2019-12-19 An in-depth look at the lives of the women murdered by the infamous, 19th-century London serial killer. Mary Ann Nichols, Annie Chapman, Elizabeth Stride, Catherine Eddowes, and Mary Jane Kelly are inextricably linked in history. Their names might not be instantly recognizable, and the identity of their murderer may have eluded detectives and historians throughout the years, but there is no mistaking the infamy of Jack the Ripper. For nine weeks during the autumn of 1888, the Whitechapel Murderer brought terror to London's East End, slashing women's throats and disemboweling them. London's most famous serial killer has been pored over time and again, yet his victims have been sorely neglected, reduced to the simple label: prostitute. The lives of these five women are rags-to-riches-to-rags stories of the most tragic kind. There was a time in each of their lives when these poor women had a job, money, a home and a family. Hardworking, determined, and fiercely independent individuals, it was bad luck or a wrong turn here or there that left them wretched and destitute. Ignored by the press and overlooked by historians, it is time their stories were told. "Hume presents us with clear and concise biographies of the Ripper's victims, and while it is tempting to think of them as all being prostitutes . . . their backgrounds, gone into in this much detail, shows them

as something completely different. You will have to, you must read this brilliant book, it puts a whole new perspective into the canon of literature about the most infamous murderer of the last two centuries.” —Books Monthly

the real jack the ripper: The Complete History of Jack the Ripper Philip Sugden, 2012-03-01 The murders in London between 1888-91 attributed to Jack the Ripper constitute one of the most mysterious unsolved criminal cases. This story is the result of many years meticulous research. The author reassesses all the evidence and challenges everything we thought we knew about the Victorian serial killer and the vanished East End he terrorized.

the real jack the ripper: Jack the Ripper and Black Magic Spiro Dimolianis, 2011-08-10 Jack the Ripper is a gothic tale of Victorian conspiracies, the supernatural, secret societies and the police. Scotland Yard hunted a serial killer shrouded in politics as the mutilator of East End prostitutes. This book uses historic sources and rare official reports to reveal dark and supernatural aspects of the Ripper case.

the real jack the ripper: The Mammoth Book of Jack the Ripper Maxim Jakubowski, 2008-04-24 Updated and expanded edition of the fullest ever collective investigation into Jack the Ripper and the Whitechapel Murders. This volume collects not just all the key factual evidence but also 20 different arguments as to the identity of Jack the Ripper, such as that advanced by Patricia Cornwell. Contributions are from the world's leading Ripperologists, including William Beadle, Melvyn Fairclough, Martin Fido, Shirley Harrison, James Tully and Colin Wilson. The identity of Jack the Ripper has plagued professional historians, criminologists, writers and amateur enthusiasts. The many suspects include Montague John Druitt, Walter Sickert, Aaron Kosminski, Michael Ostrog, William Henry Bury, Dr Tumblety and James Maybrick. The only certainty is that Ripperologists have not found an individual on whom they can all agree. The essays are supported by a detailed chronology, extensive bibliography and filmography.
