save me a seat novel study: *The Cigar Factory* Michele Moore, 2016-02-09 Two women kept apart by segregation at a Southern cigar factory forge a powerful alliance in the labor rights movement in this historical novel. With evocative dialect and remarkable prose, *The Cigar Factory* tells the story of two entwined families—the white McGonegals and the African American Ravenels—in the storied port city of Charleston, South Carolina, during the World Wars. Moore's novel follows the parallel lives of family matriarchs working on segregated floors of the massive Charleston cigar factory, where white and black workers remain divided and misinformed about the duties and treatment received by each other. Cassie McGonegal and her niece Brigid work upstairs in the factory rolling cigars by hand. Meliah Amey Ravenel works in the basement, where she stems the tobacco. While both suffer in the harsh working conditions of the factory and endure the sexual harassment of the foremen, segregation keeps them from recognizing their common plight until the Tobacco Workers Strike of 1945. Through the experience of a brutal picket line, the two women discover how much they stand to gain by joining forces, creating a powerful moment in labor history that gives rise to the Civil Rights anthem, "We Shall Overcome." Moore's historical research includes interviews with family members who worked at the cigar factory, adding nuance and authenticity to her empowering story of struggle, loss, and redemption. save me a seat novel study: Mourner's Bench Sanderia Faye, 2015-09-01 At the First Baptist Church of Maeby, Arkansas, the sins of the child belonged to the parents until the child turned thirteen. Sarah Jones was only eight years old in the summer of 1964, but with her mother Esther Mae on eight prayer lists and flipping around town with the generally mistrusted civil rights organizers, Sarah believed it was time to get baptized and take responsibility for her own sins. That would mean sitting on the mourner's bench come revival, waiting for her sign, and then testifying in front of the whole church. But first, Sarah would need to navigate the growing tensions of small-town Arkansas in the 1960s. Both smarter and more serious than her years (a "fifty-year-old mind in an eight-year-old body," according to Esther), Sarah was torn between the traditions, religion, and work ethic of her community and the progressive civil rights and feminist politics of her mother, who had recently returned from art school in Chicago. When organizers from the Student Non-Violent Coordinating Committee (SNCC) came to town just as the revival was beginning, Sarah couldn't help but be caught up in the turmoil. Most folks just wanted to keep the peace, and Reverend Jefferson called the SNCC organizers "the evil among us." But her mother, along with local civil rights activist Carrie Dilworth, the SNCC organizers, Daisy Bates, attorney John Walker, and indeed most of the country, seemed determined to push Maeby toward integration. With characters as vibrant and evocative as their setting, Mourner's Bench is the story of a young girl coming to terms with religion, racism, and feminism while also navigating the terrain of early adolescence and trying to settle into her place in her family and community.
