

with the old breed at peleliu and okinawa

****With the Old Breed at Peleliu and Okinawa: A Testament to Marine Corps Valor****

with the old breed at peleliu and okinawa is not just a phrase; it evokes powerful images of courage, sacrifice, and the relentless spirit of the United States Marine Corps during two of the fiercest battles in the Pacific Theater of World War II. These campaigns showcased the tenacity of Marines who faced brutal terrain, entrenched enemies, and unimaginable hardships. The story of "With the Old Breed," famously chronicled by Eugene Sledge, provides an intimate and unvarnished look into the experiences of those who fought at Peleliu and Okinawa, forever shaping our understanding of war, brotherhood, and resilience.

The Significance of Peleliu and Okinawa in the Pacific War

Before delving into the firsthand accounts and lessons from **With the Old Breed at Peleliu and Okinawa**, it's important to grasp why these two battles were pivotal. As the Allies moved closer to Japan, capturing strategically vital islands became essential to launching a successful invasion of the Japanese home islands.

The Battle of Peleliu: A Brutal Test of Endurance

The Battle of Peleliu, fought in September 1944, was initially expected to be a relatively quick operation. However, the Japanese defenders employed deeply fortified caves and bunkers, turning the island into a fortress. The Marines had to fight inch by inch through coral ridges and sweltering heat, often facing deadly machine-gun fire and well-coordinated counterattacks.

Peleliu's landscape was as unforgiving as the combat itself. The coral terrain made movement difficult, and the lack of fresh water and extreme heat added to the suffering. Eugene Sledge's account reflects the psychological and physical toll the battle took on those involved, highlighting the brutal reality behind military strategy and casualty statistics.

The Battle of Okinawa: The Last Major Campaign

Just months after Peleliu, the Battle of Okinawa commenced in April 1945. It was the largest amphibious assault in the Pacific War and one of the bloodiest. Okinawa was strategically crucial as it offered a staging ground for the planned invasion of Japan, and the Japanese were determined to resist fiercely.

Marines faced a determined enemy, kamikaze attacks, and challenging terrain that included rugged hills and dense villages. The battle lasted nearly three months and resulted in massive casualties on both sides, including significant civilian losses. The tenacity shown by the "old breed" during this campaign symbolizes the harsh realities of war and the endurance of those who fought it.

The Old Breed: Who Were They?

The term "old breed" refers to the seasoned Marines who had already been hardened by previous combat experience and who embodied the fighting spirit of the Corps. These were men who had faced death repeatedly yet continued to push forward, often leading younger Marines into combat with unwavering resolve.

Eugene Sledge's Memoir and Its Impact

Eugene Sledge, a Marine who fought in both Peleliu and Okinawa, authored **With the Old Breed: At Peleliu and Okinawa**, offering a raw and deeply personal perspective on the war. His memoir is widely regarded as one of the most honest and gripping accounts of the Pacific War, providing insights into the horrors of combat and the bonds forged between soldiers.

Sledge's narrative stands out because it doesn't glorify battle but rather portrays the fear, exhaustion, and moral complexity faced by combatants. His work has become essential reading for historians, military enthusiasts, and anyone interested in the human aspect of warfare.

The Marine Corps Ethos in Action

The old breed exemplified the Marine Corps' core values: honor, courage, and commitment. Their actions at Peleliu and Okinawa demonstrated a unique brand of grit and determination. Whether it was engaging in close-quarters combat, navigating treacherous terrain, or enduring constant bombardment, these Marines showed that success in battle often depended on sheer willpower and teamwork.

Their experiences underscore the importance of training, leadership, and morale in overcoming seemingly insurmountable odds. This ethos continues to influence Marine Corps culture today and serves as a benchmark for military professionalism.

Lessons from With the Old Breed at Peleliu and Okinawa

The memoir and the history of these battles offer several enduring lessons that resonate

beyond the military sphere.

The Human Cost of War

One of the most striking aspects of *With the Old Breed* is its unflinching portrayal of the human cost of war. The physical injuries, psychological wounds, and loss of comrades all paint a picture of the profound sacrifices made. Understanding these costs reminds readers that behind every strategic victory are individuals who paid a heavy price.

The Importance of Leadership and Camaraderie

Leadership in combat is crucial, and the old breed demonstrated this repeatedly. Junior officers and non-commissioned officers who led by example often made the difference between survival and defeat. Equally important was the camaraderie among Marines, which provided emotional support during the darkest moments.

This reinforces the idea that success in any challenging environment—military or civilian—depends not just on individual skill but on cohesive teamwork and trust.

Adapting to Harsh Conditions

The battles of Peleliu and Okinawa were fought in extreme conditions, including intense heat, rough terrain, and relentless enemy fire. The Marines had to adapt quickly to survive. Their experiences teach the value of flexibility, resourcefulness, and mental toughness in overcoming obstacles.

Why With the Old Breed at Peleliu and Okinawa Still Matters Today

Understanding the experiences of the old breed at Peleliu and Okinawa is essential for appreciating the complexities of warfare and the sacrifices made by those who serve. Here's why this legacy remains relevant:

- **Historical Insight:** These battles illustrate the brutal realities of World War II's Pacific campaign and help contextualize the broader conflict.
- **Military Education:** Modern military training programs often incorporate lessons from these campaigns to prepare soldiers for combat conditions.
- **Human Experience:** Sledge's memoir and other firsthand accounts remind us of the psychological impact of war, fostering empathy and understanding.

- **Legacy of Valor:** The courage and resilience of the old breed continue to inspire service members and civilians alike.

Exploring the Battlefields Today

For those interested in military history or honoring the memory of the old breed, visiting Peleliu and Okinawa offers a tangible connection to the past. Both sites have preserved battlefields, memorials, and museums that recount the fierce fighting and commemorate those who served.

Tips for Visiting Peleliu and Okinawa Battlefields

If you plan to explore these historic sites, here are a few helpful tips:

- **Plan Ahead:** Research the specific locations and tours available to make the most of your visit.
- **Respect the Sites:** These are sacred grounds for many, so approach with reverence and sensitivity.
- **Visit Museums:** Museums on Okinawa and Peleliu provide detailed exhibits and artifacts that enhance understanding.
- **Engage with Veterans:** Whenever possible, listen to stories from veterans or local historians to gain personal perspectives.

The Enduring Spirit of the Old Breed

The story of the old breed at Peleliu and Okinawa transcends time, reminding us of the extraordinary sacrifices ordinary people make in the face of unimaginable adversity. Their legacy is not just in the battles won but in the lessons of perseverance, leadership, and humanity they left behind. Through works like Eugene Sledge's memoir and continued remembrance, we honor their memory and ensure that the spirit of the old breed remains alive for generations to come.

Frequently Asked Questions

What is 'With the Old Breed at Peleliu and Okinawa' about?

It is a memoir by Eugene B. Sledge that recounts his experiences as a U.S. Marine during the brutal battles of Peleliu and Okinawa in World War II.

Who is the author of 'With the Old Breed at Peleliu and Okinawa'?

The book was written by Eugene B. Sledge, a Marine who fought in both battles and later became a professor and author.

Why is 'With the Old Breed at Peleliu and Okinawa' considered an important World War II memoir?

It provides a raw, firsthand account of combat in the Pacific Theater, highlighting the physical and psychological hardships faced by Marines, and is praised for its honesty and detail.

How does 'With the Old Breed at Peleliu and Okinawa' contribute to our understanding of the Pacific War?

The memoir offers an intimate perspective on the realities of jungle warfare, the intense combat conditions, and the human cost of the battles, enriching historical knowledge beyond strategic overviews.

Has 'With the Old Breed at Peleliu and Okinawa' been adapted into any other media?

Yes, the book was a primary source for the HBO miniseries 'The Pacific,' which dramatizes the experiences of Marines in the Pacific Theater during World War II.

What themes are explored in 'With the Old Breed at Peleliu and Okinawa'?

The memoir explores themes such as the brutality of war, camaraderie among soldiers, survival, trauma, and the moral complexities faced by combatants during intense battles.

With the Old Breed at Peleliu and Okinawa: A Detailed Examination of Combat and Legacy

with the old breed at peleliu and okinawa marks a significant chapter in the annals of World War II history, encapsulating the brutal realities faced by the United States Marines during two of the Pacific Theater's most harrowing battles. These engagements,

immortalized by Eugene B. Sledge's memoir and subsequent adaptations, provide not only a visceral account of frontline combat but also a profound exploration of soldierly endurance, camaraderie, and the psychological toll of war. This article delves deeply into the historical context, combat conditions, and enduring impact of the campaigns at Peleliu and Okinawa, with a focus on the experiences of the "Old Breed" Marines.

The Historical Context of Peleliu and Okinawa

Peleliu and Okinawa stand as two of the bloodiest battles fought in the Pacific, occurring in the latter stages of the Second World War as Allied forces pushed closer to the Japanese mainland. The Battle of Peleliu, commencing in September 1944, was intended to secure an airstrip that would support General MacArthur's return to the Philippines. However, the battle extended far beyond original expectations, lasting two months with devastating casualties. Okinawa followed between April and June 1945, representing one of the final stepping stones before a potential invasion of Japan.

Both battles were characterized by fierce Japanese resistance, fortified defensive positions, and extreme environmental challenges. The "Old Breed," primarily comprising the 1st and 5th Marine Regiments, was instrumental in these operations, demonstrating tactical ingenuity and unyielding resolve under harrowing circumstances.

Strategic Importance and Military Objectives

The capture of Peleliu was intended to provide a forward base for air operations, facilitating the isolation of Japanese forces in the Philippines. However, the difficult terrain—marked by coral ridges, caves, and dense jungle—turned the campaign into a protracted and costly confrontation. Okinawa's significance was even greater strategically, as it provided a base within striking distance of the Japanese mainland and was seen as essential for staging a potential invasion.

The Japanese defenders at both locations employed elaborate fortifications and a doctrine of attrition, aiming to inflict maximum casualties to deter Allied advances. The "Old Breed" Marines faced entrenched positions, kamikaze attacks, and lethal sniper fire, complicating their objectives and exacerbating psychological strain.

Combat Conditions and Soldier Experiences

The memoir "With the Old Breed at Peleliu and Okinawa" offers a firsthand perspective on the grueling conditions endured by Marines. The narrative captures not only the physical hardships—such as tropical heat, disease, and supply shortages—but also the mental and emotional challenges of relentless combat.

Terrain and Environmental Challenges

Peleliu's coral islands presented a unique battlefield environment. The jagged ridges and network of caves allowed Japanese forces to establish near-impenetrable defenses. This terrain negated many conventional tactics and required Marines to adapt with close-quarters combat and innovative assault techniques.

Okinawa's larger size meant even more diverse terrain, including beaches, urban centers, and rugged hills. The weather conditions varied, with heavy rains creating mud and logistical difficulties. The environment amplified the intensity of the battles and contributed to the high rate of casualties.

Psychological Impact and Morale

The psychological toll on the Marines was profound. Continuous exposure to death, injury, and the omnipresence of enemy fire led to combat fatigue and trauma. Sledge's account is notable for its candid depiction of these stresses, detailing moments of fear, despair, and the struggle to maintain focus amid chaos.

Morale was sustained through strong unit cohesion and a sense of duty. The relationships among the "Old Breed" were critical in preserving mental resilience. Yet, the relentless nature of the fighting and the scale of carnage inevitably left lasting scars on survivors.

Legacy and Significance of "With the Old Breed at Peleliu and Okinawa"

Beyond its historical and military insights, the memoir has become a seminal work in war literature. It bridges the gap between strategic military history and the human dimension of warfare, offering readers an intimate look at the realities faced by frontline soldiers.

Influence on Military Studies and Popular Culture

The detailed descriptions of tactics, weaponry, and battlefield experiences have made "With the Old Breed" a valuable resource for military historians and tacticians. Its emphasis on infantry combat and small-unit leadership has informed training and operational planning.

In popular culture, the memoir inspired the critically acclaimed HBO miniseries "The Pacific," which brought renewed attention to the sacrifices and heroism of the Marines who fought in these battles. This adaptation helped to humanize the conflict for modern audiences, highlighting the personal stories behind historical events.

Comparative Analysis: Peleliu vs. Okinawa

While both battles share similarities in combat intensity and strategic objectives, they also differ in scale and operational complexity:

- **Duration:** Peleliu lasted approximately two months, whereas Okinawa extended over nearly three months, reflecting the latter's greater size and complexity.
- **Casualties:** Okinawa resulted in significantly higher casualties on both sides, with estimates exceeding 200,000 total killed or wounded, compared to around 10,000 for Peleliu.
- **Operational Challenges:** Peleliu's terrain favored cave and bunker defenses, demanding specialized assault tactics, while Okinawa's varied terrain involved both urban warfare and large-scale amphibious operations.

These distinctions illustrate the evolving nature of Pacific combat and the adaptability required of the "Old Breed" Marines.

Broader Implications for Understanding Pacific Theater Warfare

The experiences at Peleliu and Okinawa underscore the brutal nature of island-hopping campaigns and the strategic calculus behind them. They reveal how terrain, enemy tactics, and logistical constraints shaped combat outcomes. Furthermore, the insights provided by "With the Old Breed at Peleliu and Okinawa" emphasize the importance of individual soldier narratives in comprehending the full scope of war beyond official reports and statistics.

The memoir's detailed recounting of weaponry, such as the M1 Garand rifles, flamethrowers, and mortars, alongside descriptions of Japanese defensive tactics, aids in reconstructing the operational environment. This level of detail supports more nuanced historical analyses and military education.

The human element—captured through vivid storytelling of fear, loss, and brotherhood—also contributes to ongoing discussions about the psychological effects of combat and the necessity of veteran support systems.

In revisiting the battles of Peleliu and Okinawa through the lens of "With the Old Breed at Peleliu and Okinawa," one gains a comprehensive understanding of the tactical challenges, human endurance, and enduring legacy of these pivotal World War II campaigns. The memoir remains a vital conduit for appreciating the sacrifices of the Marines who shaped the course of history amid some of the most grueling combat

conditions imaginable.

with the old breed at peleliu and okinawa: With the Old Breed, at Peleliu and Okinawa

Eugene Bondurant Sledge, 1990 Memoir of the author's experience fighting in too of the battles of the South Pacific during World War II.

with the old breed at peleliu and okinawa: With the Old Breed E.B. Sledge, 2007-05-01
NEW YORK TIMES BESTSELLER • "Eugene Sledge became more than a legend with his memoir, *With The Old Breed*. He became a chronicler, a historian, a storyteller who turns the extremes of the war in the Pacific—the terror, the camaraderie, the banal and the extraordinary—into terms we mortals can grasp."—Tom Hanks In *The Wall Street Journal*, Victor Davis Hanson named *With the Old Breed* one of the top five books on epic twentieth-century battles. Studs Terkel interviewed the author for his definitive oral history, *The Good War*. Now E. B. Sledge's acclaimed first-person account of fighting at Peleliu and Okinawa returns to thrill, edify, and inspire a new generation. An Alabama boy steeped in American history and enamored of such heroes as George Washington and Daniel Boone, Eugene B. Sledge became part of the war's famous 1st Marine Division—3rd Battalion, 5th Marines. Even after intense training, he was shocked to be thrown into the battle of Peleliu, where "the world was a nightmare of flashes, explosions, and snapping bullets." By the time Sledge hit the hell of Okinawa, he was a combat vet, still filled with fear but no longer with panic. Based on notes Sledge secretly kept in a copy of the New Testament, *With the Old Breed* captures with utter simplicity and searing honesty the experience of a soldier in the fierce Pacific Theater. Here is what saved, threatened, and changed his life. Here, too, is the story of how he learned to hate and kill—and came to love—his fellow man. "In all the literature on the Second World War, there is not a more honest, realistic or moving memoir than Eugene Sledge's. This is the real deal, the real war: unvarnished, brutal, without a shred of sentimentality or false patriotism, a profound primer on what it actually was like to be in that war. It is a classic that will outlive all the armchair generals' safe accounts of—not the 'good war'—but the worst war ever."—Ken Burns

with the old breed at peleliu and okinawa: *The Old Breed... The Complete Story Revealed* W. Henry Sledge, 2025-06-03 Forty years after the publication of Eugene Sledge’s memoir *With the Old Breed at Peleliu and Okinawa* comes *The Old Breed... The Complete Story Revealed* by Eugene’s son, Henry, adding new material and immeasurable depth to his father’s story. *The Old Breed... The Complete Story Revealed* brings to life an abundance of new material from the original manuscript of Eugene Sledge’s classic memoir *With the Old Breed at Peleliu and Okinawa*. By interspersing his own personal anecdotes throughout, Henry Sledge takes his father’s work and gives it newfound context, sharing memories of conversations between father and son. The result is a flowing narrative that portrays an intimate look at a WWII veteran and his struggles to adapt to civilian life following the war.

with the old breed at peleliu and okinawa: *With The Old Breed* E. B. Sledge, 1990-09-01 Based on notes he kept on slips of paper tucked secretly away in his Bible, Eugene Sledge has written a devastatingly powerful memoir of his experience fighting in the South Pacific during WWII. John Keegan describes this stirring account of the vitality and bravery of the Marines as one of the most arresting documents in war literature.

with the old breed at peleliu and okinawa: *The Costs of War* John Denson, 2017-07-05 The greatest accomplishment of Western civilization is arguably the achievement of individual liberty through limits on the power of the state. In the war-torn twentieth century, we rarely hear that one of the main costs of armed conflict is long-term loss of liberty to winners and losers alike. Beyond the obvious and direct costs of dead and wounded soldiers, there is the lifetime struggle of veterans to live with their nightmares and their injuries; the hidden economic costs of inflation, debts, and taxes; and more generally the damages caused to our culture, our morality, and to civilization at large. The new edition is now available in paperback, with a number of new essays. It represents a large-scale collective effort to pierce the veils of myth and propaganda to reveal the true costs of war, above all, the cost to liberty. Central to this volume are the views of Ludwig von Mises on war and foreign policy. Mises argued that war, along with colonialism and imperialism, is the greatest enemy of freedom and prosperity, and that peace throughout the world cannot be achieved until the central governments of the major nations become limited in scope and power. In the spirit of these theorems by Mises, the contributors to this volume consider the costs of war generally and assess specific corrosive effects of major American wars since the Revolution. The first section includes chapters on the theoretical and institutional dimensions of the relationship between war and society, including conscription, infringements on freedom, the military as an engine of social change, war and literature, and the right of citizens to bear arms. The second group includes reconsiderations of Lincoln and Churchill, an analysis of the anti-interventionist idea in American politics, a discussion of the meaning of the just war, an assessment of how World War I changed the course of Western civilization, and finally two eyewitness accounts of the true horrors of actual combat by

with the old breed at peleliu and okinawa: *Brotherhood of Heroes* Bill Sloan, 2005-05-09

This Band of Brothers for the Pacific is the gut-wrenching and ultimately triumphant story of the Marines' most ferocious—yet largely forgotten—battle of World War II. Between September 15 and October 15, 1944, the First Marine Division suffered more than 6,500 casualties fighting on a hellish little coral island in the Pacific. Peleliu was the setting for one of the most savage struggles of modern times, a true killing ground that has been all but forgotten—until now. Drawing on interviews with Peleliu veterans, Bill Sloan's gripping narrative seamlessly weaves together the experiences of the men who were there, producing a vivid and unflinching tableau of the twenty-four-hour-a-day nightmare of Peleliu. Emotionally moving and gripping in its depictions of combat, Brotherhood of Heroes rescues the Corps's bloodiest battle from obscurity and does honor to the Marines who fought it.

with the old breed at peleliu and okinawa: *The Soldiers' Tale* Samuel Hynes, 1998-04-01 The Soldiers' Tale is the story of modern wars as told by the men who did the actual fighting. Hynes examines the journals, memoirs, and letters of men who fought in the two World Wars and in Vietnam, and also the wars fought against the weak and helpless in concentration camps, prisoner-of-war camps, and bombed cities. Interweaving his own reflections on war with brilliantly chosen passages from soldiers' accounts, he offers vivid answers to the question we all ask of men who have fought: What was it like? In these powerful pages the experiences of modern war, which seem unimaginable to those who weren't there, become comprehensible and real. The wide range of writers examined includes both famous literary memoirists like Robert Graves, Tim O'Brien, and Elie Wiesel, and unknown soldiers who wrote only their war stories. Using these testimonies, Hynes considers each war in terms of its special circumstances and its effects on men who fought. His understanding of the psychology of warfare—and of each war's role in history—gives this study its intellectual authority; the voices of the men who were there, and wrote about what they saw and felt, give it its powerful dramatic impact.

with the old breed at peleliu and okinawa: *The Truth of War* Doctor Tom Lewis, 2023-11-01 The Truth of War unveils a penetrating exploration of the most contentious facets of military combat, delving into the necessity of killing, the complex decisions surrounding the taking or sparing of prisoners, and the intricate dilemmas concerning the targeting of civilians. With a profound analysis of seven significant conflicts, this book challenges conventional beliefs, arguing that war possesses its own set of rules that often diverge from society's established laws and values. At its core, the book confronts the harsh reality that soldiers engaged in close-quarter combat must swiftly adapt to become efficient killers in order to survive, emphasising the stark choice they face, hone their lethal skills or meet a perilous demise. The author contends that the requirements of war demand an unflinching acceptance of this disturbing truth. By drawing from history, encompassing conflicts such as the Boer War, World Wars I and II, the wars in Korea, Vietnam, the Falklands, Iraq and Afghanistan, the author presents a comprehensive examination of the ethical dilemmas embedded within each episode. Through meticulous research and vivid storytelling, The Truth of War peels back the layers of sanitised perceptions, exposing the gritty realities that within the realm of warfare. In unveiling the hidden truths and complexities of war, this brilliant and thought-provoking book shines a blazing light on the multifaceted nature of combat, challenging readers to reevaluate their preconceived notions and confront the uncomfortable truths that lie at the heart of humanity's most enduring and controversial endeavour - war.

with the old breed at peleliu and okinawa: *Commando Joe: Lt. Joseph Fournier Marine Raider* Pat Lavarney, 2018-12-06 Merriam Press World War 2 Biography 1st Lt. Joseph Fournier was KIA on Peleliu's Bloody Nose Ridge, one of the courageous officers leading an infantry company of the 1st Marines in September 1944. He died exactly twenty-four months to the day of accepting his commission as an officer in the USMCR. Seventy years after his death the need to record his story came from a Marine who served in Lt Fournier's Company, a niece's need to fulfill her mother's wishes and newspaper clippings kept by his mother - almost lost to a shredder. A life tangled with famous names and organizations, Lt Fournier, known as Commando Joe to his Marines, was a man who would still fit in with the Marines of today. He was a Sea Worthy Marine, a Raider before the

battalions were fully functional and a member of The Old Breed.26 photos.

with the old breed at peleliu and okinawa: *The Father of Us All* Victor Davis Hanson, 2010-05-03 Victor Davis Hanson has long been acclaimed as one of our leading scholars of ancient history. In recent years he has also become a trenchant voice on current affairs, bringing a historian's deep knowledge of past conflicts to bear on the crises of the present, from 9/11 to Iran. War, he writes, is an entirely human enterprise. Ideologies change, technologies develop, new strategies are invented-but human nature is constant across time and space. The dynamics of warfare in the present age still remain comprehensible to us through careful study of the past. Though many have called the War on Terror unprecedented, its contours would have been quite familiar to Themistocles of Athens or William Tecumseh Sherman. And as we face the menace of a bin Laden or a Kim Jong-Il, we can prepare ourselves with knowledge of how such challenges have been met before. *The Father of Us All* brings together much of Hanson's finest writing on war and society, both ancient and modern. The author has gathered a range of essays, and combined and revised them into a richly textured new work that explores such topics as how technology shapes warfare, what constitutes the American way of war, and why even those who abhor war need to study military history. War is the father and king of us all, Heraclitus wrote in ancient Greece. And as Victor Davis Hanson shows, it is no less so today.

with the old breed at peleliu and okinawa: *Grunts* John C. McManus, 2010-08-03 "A superb book—an American equivalent to John Keegan's *The Face of Battle*. I sincerely believe that *Grunts* is destined to be a classic."—Dave Grossman, Author of *On Killing* and *On Combat* From the acclaimed author of *The Dead* and *Those About to Die* comes a sweeping narrative of six decades of combat, and an eye-opening account of the evolution of the American infantry. From the beaches of Normandy and the South Pacific Islands to the deserts of the Middle East, the American soldier has been the most indispensable—and most overlooked—factor in wartime victory. In *Grunts*, renowned historian John C. McManus examines ten critical battles—from Hitler's massive assault on U.S. soldiers at the Battle of the Bulge to counterinsurgency combat in Iraq—where the skills and courage of American troops proved the crucial difference between victory and defeat. Based on years of research and interviews with veterans, this powerful history reveals the ugly face of war in a way few books have, and demonstrates the fundamental, and too often forgotten, importance of the human element in serving and protecting the nation.

with the old breed at peleliu and okinawa: *The "Good War" in American Memory* John Bodnar, 2010-10-01 The "Good War" in American Memory dispels the long-held myth that Americans forged an agreement on why they had to fight in World War II. John Bodnar's sociocultural examination of the vast public debate that took place in the United States over the war's meaning reveals that the idea of the good war was highly contested. Bodnar's comprehensive study of the disagreements that marked the American remembrance of World War II in the six decades following its end draws on an array of sources: fiction and nonfiction, movies, theater, and public monuments. He identifies alternative strands of memory—tragic and brutal versus heroic and virtuous—and reconstructs controversies involving veterans, minorities, and memorials. In building this narrative, Bodnar shows how the idealism of President Franklin Roosevelt's Four Freedoms was lost in the public commemoration of World War II, how the war's memory became intertwined in the larger discussion over American national identity, and how it only came to be known as the good war many years after its conclusion.

with the old breed at peleliu and okinawa: *Semper Fi, Marine* Rhonda Lomeli, 2023-03-30 *Semper Fi, Marine* is the unique journey of two enlisted brothers as they face the perils of the Pacific Theater during WWII. The riveting battles come to life using first-hand accounts as each had to find his own way at this pivotal time in history. Beginning with life in a small town, the book continues as the two adjusted to life shortly after the war. The story resumes decades later when the author traveled to the opposite side of the globe to view one the battlefields.

with the old breed at peleliu and okinawa: *Greatest U.S. Marine Corps Stories Ever Told* Iain Martin, 2007-08-01 On Friday, November 10, 1775, the Continental Congress approved a resolution

for the organization of the Corps, creating what would become the hallowed few, the proud--the Marines. Since then, the men and women of the United States Marine Corps have created the finest traditions of service and honor, and supplied a pantheon of heroes who have upheld them. In *The Greatest U.S. Marine Stories Ever Told*, editor Iain Martin has accumulated these marines' most amazing true tales of service and sacrifice, from the Halls of Montezuma, to the shores of Tripoli, to the conflicts where they serve today.

with the old breed at peleliu and okinawa: Warrior-Writers of World War II Lee Congdon, 2025-02-28 *Warrior-Writers of World War II* delivers a thorough study of Americans who saw combat in World War II, survived, and returned home to become famous writers. It considers the works of 16 important authors, among them J. D. Salinger, John Ciardi, and James Jones, exploring these men's war experiences and their reflection in their writings. This includes what they learned about themselves and, even more important, what they can teach the rest of us about war and peace, good and evil, hatred and pity, honor and dishonor, fate and chance—and about the sustaining power of comradeship. This critical overview will be useful to general readers and academics seeking to deepen their understanding of the impact World War II has had on twentieth-century literature.

with the old breed at peleliu and okinawa: Strangers in the South Seas Richard Lansdown, 2006-01-01 Long before Magellan entered the Pacific in 1521 Westerners entertained ideas of undiscovered oceans, mighty continents, and paradisaic islands at the far ends of the earth--such ideas would have a long life and a deep impact in both the Pacific and the West. With the discovery of Tahiti in 1767 another powerful myth was added to this collection: the noble savage. For the first time Westerners were confronted by a people who seemed happier than themselves. This revolution in the human sciences was accompanied by one in the natural sciences after Darwin's momentous visit to the Galapagos Islands. The Pacific produced other challenges for nineteenth-century researchers on race and culture, and for those intent on exporting their religions to this immense quarter of the globe. As the century wore on, the region presented opportunities and dilemmas for the imperial powers, a process was accelerated by the Pacific War between 1941 and 1945. *Strangers in the South Seas* recounts and illustrates this story using a wealth of primary texts. It includes generous excerpts from the work of explorers, soldiers, naturalists, anthropologists, artists, and writers--some famous, some obscure. It shows how the Great South Sea has been an irreplaceable distant mirror of the West and its intellectual obsessions since the Renaissance.
