a history of american literature: A History of American Literature (Classic Reprint) Percy H. Boynton, 2015-07-16 Excerpt from *A History of American Literature* The general purpose in the preparation of this book has, been to eliminate negligible detail and to subordinate or omit authors of minor importance in order to stress the men and the movements that are most significant in American intellectual history/ The book has therefore been written with a view to showing the drift of American thought as illustrated by major writers or groups and as revealed by a careful study of one or two cardinal works by each. In this sequence of thought the growth of American self-consciousness and the changing ideals of American patriotism have been kept in mind throughout. The attempt is made to induce study of representative classics and extensive reading of the American literature which illuminates the past of the country chiefly, of course, in reminiscent fiction, drama, and poetry.
