life application study bible niv online: 7 Habits for a Rich and Satisfying Life Daryl K. Anderson, 2019-11-21 God has two purposes for you: To believe in Jesus and then to become like Jesus. This book focuses on the latter. Though we cannot attain such perfection, John said that followers of Jesus "should live their lives as Jesus did" (1 John 2:6 NLT). The process of becoming like Jesus is the work of the Holy Spirit, but the Spirit does not transform us without our cooperation. The premise of this book is that we enable the Spirit to make us like Jesus by cultivating seven habits. The seven habits are derived from Luke's description of the first church in Acts 2:42-47. Luke was an honest historian who frankly recorded the sins and strife of the early church, yet this passage is thoroughly positive. In it, he mentions seven habits practiced by that

ideal church. This book describes those habits, including practical suggestions for how to develop each. This book is titled *7 Habits for a Rich and Satisfying Life* because our heavenly Father loves us and wants what's best for us. We will find fulfillment in life as we fulfill his good design for us. Jesus said, "I came that they may have life and have it abundantly" (John 10:10 ESV), or as it says in the New Living Translation, "My purpose is to give them a rich and satisfying life."

life application study bible niv online: *The Best Way to Learn and Teach God's Word* David Hawkins, 2021-04-12 An effective method for learning God's Word is to use a systematic strategy that involves seven consecutive steps. A good way to remember the order in which these seven steps should be taken is by referring to the acrostic PRIME AT. When you PRIME AT God's Word, you are preparing to better understand and use God's Word. The seven steps outlined in the acrostic are: Pray; Read, Interpret, Meditate, Explore, Apply, and Teach. You should: Pray that the Holy Spirit will guide your learning of God's Word, Read-different versions of the Bible, Interpret-scripture in your

own words, Meditate-on the meaning and purpose of the scripture, Explore-commentaries, study guides, and other biblical references, Apply-God's Word to your life, Teach-others what you have learned. An effective way to teach God's Word is to engage people in active learning. This is best done by designing a pedagogical method that addresses the following questions: What do you want people to be able to do when they have finished the lesson? What will they need to know in order to do what should be done? How can you facilitate their learning? How do you assess learning? Establishing a set of learning outcomes is required to answer the first question. To answer the second question, one must identify the body of knowledge that must be acquired to accomplish the learning outcomes. This requires identifying a set of learning objectives that must be achieved. The best way to facilitate learning is to provide guided learning materials that address both learning outcomes and learning objectives and ask probing questions. And finally, some type of quiz or test needs to be developed in order to properly assess learning.

life application study bible niv online: God Speaks Your Language Donald L. Brake, 2022-09-19 God Speaks Your Language is a presentation of the theories and issues facing modern Bible readers. It encourages readers to let God's word speak for itself. English words must be accurate in their literary narrative, in the beauty of poetic verse, and in mysterious figurative language--all to capture the rich meaning of his revealed word. Our first language is the window into our soul. To know God, to share our deepest feelings with our Creator, we will do it in our mother tongue. It is the Bible in our language that will truly massage our minds and allow the words of the Infinite to penetrate our inner self. The need for study Bibles enables the reader to apply translation into added explanation. Proper analysis of Bible versions will help avoid selecting a version one likes because it fits one's lifestyle or church tradition.
