

verbally abusive relationship patricia evans

****Understanding a Verbally Abusive Relationship: Insights from Patricia Evans****

verbally abusive relationship patricia evans is a phrase that resonates deeply with many who have experienced emotional turmoil in their relationships. Patricia Evans, a respected author and expert on emotional abuse, has illuminated the often-overlooked world of verbal abuse, offering clarity, validation, and guidance for those trapped in toxic dynamics. Her work helps individuals recognize the subtle yet damaging patterns of verbal abuse, empowering them to reclaim their voice and self-worth.

What Defines a Verbally Abusive Relationship? Patricia Evans' Perspective

Verbal abuse isn't always easy to spot, especially when it creeps into everyday conversations disguised as sarcasm, "jokes," or criticism. Patricia Evans defines a verbally abusive relationship as one where one partner consistently uses words to control, demean, or manipulate the other. Unlike physical abuse, verbal abuse leaves no visible scars, but the psychological damage can be profound and long-lasting.

According to Evans, verbal abuse often manifests through:

- Name-calling and belittling remarks
- Constant criticism and blame
- Gaslighting and manipulation
- Threats and intimidation
- Dismissiveness and contempt

These behaviors chip away at a person's confidence, leading to feelings of worthlessness and confusion. Evans emphasizes that verbal abuse is not just occasional harsh words; it's a persistent pattern that undermines a person's sense of self.

The Subtle Signs You Might Overlook

One of Patricia Evans' valuable contributions is her ability to highlight the subtle signs of verbal abuse that many victims don't recognize as abuse initially. These include:

- Feeling "on edge" or walking on eggshells around your partner
- Apologizing frequently for things that aren't your fault
- Experiencing self-doubt and second-guessing your memories (gaslighting)
- Withdrawal from friends and family due to embarrassment or shame
- A constant need to please or appease your partner

These signs are critical because they reveal how verbal abuse slowly erodes a person's mental health and social connections, making it harder to seek help.

Patricia Evans' Approach to Healing from Verbal Abuse

Healing from verbal abuse requires more than just leaving a toxic relationship; it involves rebuilding one's identity and learning healthy communication patterns. Patricia Evans offers practical advice and tools for survivors to regain their power.

Understanding the Abuser's Mindset

Evans encourages survivors to understand that verbal abusers often use words as weapons because of their own insecurities or learned behaviors. This doesn't excuse the abuse but helps victims detach emotionally from the hurtful words and recognize the abuser's tactics as manipulative rather than truthful.

Reclaiming Your Voice: The Power of Boundaries

One of the most empowering steps Evans advocates for is setting clear boundaries. This might look like:

- Saying "no" firmly without guilt
- Refusing to engage in arguments that turn abusive
- Removing yourself from conversations or situations where verbal abuse escalates
- Communicating your needs assertively and respectfully

By establishing boundaries, survivors can protect their mental health and gradually change the dynamics in their relationships.

Self-Care and Support Systems

Evans highlights the importance of surrounding yourself with supportive friends, family, or therapists who validate your experiences. Engaging in self-care activities such as journaling, meditation, or hobbies can also help rebuild self-esteem damaged by verbal abuse.

Common Misconceptions About Verbal Abuse

Addressed by Patricia Evans

Patricia Evans tackles several myths that often prevent victims from recognizing or escaping verbal abuse:

- **“It’s just words; it’s not as bad as physical abuse.”**

Words can inflict deep emotional wounds that affect mental health for years. Verbal abuse can be a precursor or companion to other forms of abuse.

- **“If they really loved me, they wouldn’t say those things.”**

Love does not justify abuse. Abusive behaviors are about control and power, not affection.

- **“I must be overreacting or too sensitive.”**

Verbal abuse is objective and harmful. Sensitivity to abuse is a natural and valid response.

By debunking these misconceptions, Evans empowers people to acknowledge their pain and seek help without shame.

How to Support Someone Experiencing Verbal Abuse

If you have a loved one who might be in a verbally abusive relationship, Patricia Evans advises you to approach the situation with empathy and patience. Here are some ways to offer meaningful support:

- Listen without judgment and validate their feelings.
- Encourage them to recognize the abuse and understand it’s not their fault.
- Provide information about resources such as support groups or counseling.
- Respect their decisions, even if they’re not ready to leave the relationship.
- Help them build a safety plan if needed.

Your support can be a lifeline, showing them that they are not alone and that healthier relationships are possible.

Patricia Evans’ Books and Resources for Deeper Understanding

For those seeking to dive deeper into the topic, Patricia Evans’ book **“The Verbally Abusive**

Relationship: How to Recognize It and How to Respond”* is a foundational resource. It offers practical exercises, real-life examples, and guidance on how to respond to verbal abuse effectively.

Additionally, Evans’ workshops and speaking engagements provide interactive opportunities to learn communication skills and healing strategies. Many survivors find her compassionate yet straightforward approach transformative in breaking free from toxic cycles.

Why Awareness Matters

The more people understand verbal abuse through the lens of experts like Patricia Evans, the more society can challenge the normalization of such behavior. Awareness leads to early intervention, better support systems, and ultimately, healthier relationships.

Navigating a verbally abusive relationship is painful and complex, but with the insights of Patricia Evans, individuals can begin to recognize abuse, protect themselves, and move toward healing. Whether you’re personally affected or supporting someone else, understanding the dynamics of verbal abuse is a crucial step in fostering respect, dignity, and love in all relationships.

Frequently Asked Questions

Who is Patricia Evans and what is her expertise on verbally abusive relationships?

Patricia Evans is an author and relationship expert known for her work on identifying and addressing verbal abuse in relationships. She has written books such as "The Verbally Abusive Relationship," which provide insight into the dynamics of verbal abuse and offer guidance for victims.

What are the common signs of a verbally abusive relationship according to Patricia Evans?

According to Patricia Evans, common signs include constant criticism, name-calling, blaming, controlling behavior, humiliation, and manipulation. These behaviors are often subtle but consistent and can erode a person's self-esteem over time.

How does Patricia Evans define verbal abuse in relationships?

Patricia Evans defines verbal abuse as the use of words to control, intimidate, or belittle another person. It includes behaviors such as shouting, insulting, threatening, and using

language to manipulate or dominate a partner.

What advice does Patricia Evans give to someone in a verbally abusive relationship?

Patricia Evans advises victims to recognize the abuse, set clear boundaries, seek support from trusted friends or professionals, and prioritize their own emotional health. She emphasizes that no one deserves to be verbally abused and encourages seeking help to break free from the cycle.

Can verbal abuse escalate to physical abuse according to Patricia Evans?

Yes, Patricia Evans highlights that verbal abuse can be a precursor to physical abuse. Verbal abuse often establishes a pattern of control and intimidation that may escalate into physical violence if not addressed.

What resources does Patricia Evans provide for those dealing with verbal abuse?

Patricia Evans offers books, workshops, and online resources that educate individuals about verbal abuse, how to identify it, and strategies to heal and recover. Her work aims to empower victims and promote healthier relationships.

How can understanding Patricia Evans' work help in healing from a verbally abusive relationship?

Understanding Patricia Evans' work can help individuals recognize the patterns of abuse, validate their experiences, and provide practical steps toward self-care and recovery. Her teachings offer a roadmap for rebuilding self-esteem and establishing healthy boundaries.

What impact has Patricia Evans' book 'The Verbally Abusive Relationship' had on public awareness?

Patricia Evans' book has significantly raised awareness about verbal abuse, bringing attention to a form of abuse that is often overlooked. It has helped many victims identify abuse, seek help, and start the healing process, contributing to broader conversations about relationship health.

Verbally Abusive Relationship Patricia Evans: An Analytical Review

verbally abusive relationship patricia evans is a phrase that has become increasingly significant in discussions around emotional and psychological abuse. Patricia Evans, a prominent author and expert in the field of communication and abuse, has extensively

explored the dynamics of verbal abuse within relationships. Her work sheds light on the often overlooked but deeply damaging nature of verbal aggression, providing essential frameworks for recognizing, understanding, and ultimately addressing this form of abuse. This article delves into Patricia Evans' contributions, examining the characteristics of verbally abusive relationships, the impact of verbal abuse on victims, and practical insights drawn from her research.

Understanding Verbal Abuse Through Patricia Evans' Lens

Patricia Evans is widely recognized for her groundbreaking book, **The Verbally Abusive Relationship: How to Recognize It and How to Respond**. In her work, she defines verbal abuse not merely as occasional harsh words but as a persistent pattern of communication intended to control, demean, or manipulate another person. Evans emphasizes that verbal abuse is a form of domestic violence with consequences as severe as physical abuse, though it is often minimized or misunderstood.

Her analysis identifies key behaviors that constitute verbal abuse, including name-calling, blaming, insulting, threatening, and constant criticism. Unlike physical violence, verbal abuse attacks the victim's self-esteem and sense of reality, which can lead to long-term psychological trauma. According to Evans, understanding these behaviors is the first step toward protecting oneself and seeking help.

The Distinctiveness of Verbal Abuse in Relationships

One of the notable contributions of Patricia Evans is her distinction between verbal abuse and normal conflict or disagreement in relationships. While every relationship experiences occasional arguments, verbal abuse is characterized by a systematic intent to harm and dominate. Evans describes verbally abusive partners as using language as a weapon to exert power and control, often under the guise of concern or love.

She also points out that verbal abuse can be subtle or overt. For example, sarcasm, silent treatment, and gaslighting are forms of verbal manipulation that erode a person's confidence and reality. This nuanced understanding helps victims recognize abuse patterns that may otherwise be dismissed.

Key Features of Verbally Abusive Relationships

Patricia Evans outlines several defining features of verbally abusive relationships, which serve as warning signs for those who may be trapped in such environments.

- **Constant Criticism:** The abuser persistently criticizes the victim's appearance, intelligence, or abilities to undermine their self-worth.

- **Blame and Denial:** The abuser refuses to take responsibility and blames the victim for problems in the relationship or their own abusive behavior.
- **Threats and Intimidation:** Verbal threats are used to instill fear and compliance, including threats of abandonment or harm.
- **Gaslighting:** The abuser manipulates the victim into doubting their memories or perceptions, causing confusion and self-doubt.
- **Withholding Communication:** Silent treatment or refusal to communicate is employed as a means of punishment and control.

These features often coexist, creating an environment where the victim feels trapped, powerless, and emotionally exhausted.

The Psychological Impact of Verbal Abuse

Patricia Evans' research highlights the profound psychological effects verbal abuse can have. Victims frequently experience anxiety, depression, low self-esteem, and post-traumatic stress symptoms. Unlike physical scars, the emotional wounds inflicted by verbal abuse are invisible and can persist long after the relationship ends.

Studies corroborate Evans' findings, showing that verbal abuse correlates with increased risk of mental health disorders. The chronic stress caused by ongoing verbal attacks can impair cognitive functions and disrupt the victim's ability to trust others, thereby affecting future relationships. Evans stresses the importance of recognizing these signs early to prevent long-term damage.

Practical Insights and Responses to Verbal Abuse

A significant part of Patricia Evans' work is dedicated to empowering victims with strategies to respond to and escape verbal abuse. She advocates for clear recognition of abusive patterns and encourages victims to set firm boundaries.

Recognizing the Abuse

Evans insists that acknowledging the abuse is critical. Many victims internalize blame or rationalize the abuser's behavior. By learning to identify specific abusive tactics, individuals can reclaim their perspective and validate their feelings.

Effective Communication and Boundaries

One of the core recommendations from Patricia Evans is developing assertive communication skills. Victims are encouraged to express their feelings directly and refuse to engage in abusive exchanges. Setting boundaries, such as refusing to tolerate name-calling or threats, can gradually dismantle the abuser's control.

Seeking Support and Professional Help

Evans strongly emphasizes the role of support networks, including friends, family, and professionals like therapists or counselors. Because verbal abuse often erodes self-confidence, external validation and guidance are essential for recovery. She also highlights the importance of safety planning, especially when verbal abuse escalates toward physical violence.

Comparing Patricia Evans' Perspectives with Other Experts

While Patricia Evans is a leading voice on verbal abuse, her views align with and complement those of other experts in the field of domestic violence and emotional abuse. For instance, Dr. Lundy Bancroft's work on abusive relationships similarly underscores the psychological manipulation involved in verbal abuse. However, Evans' focus on communication dynamics offers a unique lens, blending practical communication tools with abuse awareness.

In contrast to some models that emphasize trauma healing post-abuse, Evans prioritizes immediate recognition and response strategies, which can be empowering for victims in active abusive relationships.

Pros and Cons of Evans' Approach

- **Pros:**

- Clear identification of verbal abuse behaviors aids early detection.
- Focus on communication skills provides actionable steps for victims.
- Emphasizes empowerment and self-respect, fostering resilience.

- **Cons:**

- Some critics argue that focusing on communication may oversimplify complex abuse dynamics.
- Less emphasis on systemic factors such as cultural or socioeconomic influences on abuse.

Despite these critiques, Patricia Evans' work remains foundational and widely respected for its clarity and practical value.

The Ongoing Relevance of Patricia Evans' Work

In the contemporary discourse around domestic abuse, verbal abuse continues to be under-recognized. Patricia Evans' comprehensive exploration helps bridge this gap by educating the public and professionals alike. As awareness grows, her frameworks are increasingly integrated into counseling practices, support programs, and educational initiatives.

Moreover, the rise of digital communication has introduced new arenas for verbal abuse, such as cyberbullying and online harassment. Evans' principles regarding recognition and response remain relevant, highlighting the adaptability of her work to evolving challenges in interpersonal relationships.

The understanding of verbally abusive relationships through Patricia Evans' insights contributes significantly to a broader societal effort to combat all forms of abuse. Her work empowers victims, informs practitioners, and encourages constructive dialogue about emotional safety and respect in relationships.

verbally abusive relationship patricia evans: Summary of Patricia Evans's Victory Over Verbal Abuse Everest Media,, 2022-03-27T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 This part of the book addresses how verbal abuse limits your potential and how to recover from it. It covers self-help processes to facilitate recovery, including how to discover and recover your greatest gifts, and how to develop a strong sense of self. #2 Verbal abuse is the attempt to control you. It is important to understand that you are not what you've been told, and you do not deserve any negative behavior or attitude. You have the right to control your own life, and not live in fear. #3 When you start to see how your abuser's behavior is irrational and ridiculous, you are on the path to healing. As you come to realize that no one can define your inner world, you are beginning to validate yourself. #4 Verbal abuse so wholly defines its target that it is like brainwashing. If you are the target of verbal abuse, you may have been told that you are not who you have known yourself to be. You may have begun to feel guilty, and eventually, you may have sought relief from your confusion and feelings of unworthiness by trying harder to please your abuser.

verbally abusive relationship patricia evans: The Emotionally Abusive Relationship Beverly Engel, 2003-08-13 Engel doesn't just describe-she shows us the way out. -Susan Forward, author of *Emotional Blackmail* Praise for the emotionally abusive relationship In this book, Beverly Engel clearly and with caring offers step-by-step strategies to stop emotional abuse. . . helping both victims and abusers to identify the patterns of this painful and traumatic type of abuse. This book is a guide both for individuals and for couples stuck in the tragic patterns of emotional abuse. -Marti Loring, Ph.D., author of *Emotional Abuse* and coeditor of *The Journal of Emotional Abuse* This groundbreaking book succeeds in helping people stop emotional abuse by focusing on both the abuser and the abused and showing each party what emotional abuse is, how it affects the relationship, and how to stop it. Its unique focus on the dynamic relationship makes it more likely that each person will grasp the tools for change and really use them. -Randi Kreger, author of *The Stop Walking on Eggshells Workbook* and owner of BPDCentral.com The number of people who become involved with partners who abuse them emotionally and/or who are emotionally abusive themselves is phenomenal, and yet emotional abuse is the least understood form of abuse. In this breakthrough book, Beverly Engel, one of the world's leading experts on the subject, shows us what it is and what to do about it. Whether you suspect you are being emotionally abused, fear that you might be emotionally abusing your partner, or think that both you and your partner are emotionally abusing each other, this book is for you. The *Emotionally Abusive Relationship* will tell you how to identify emotional abuse and how to find the roots of your behavior. Combining dramatic personal stories with action steps to heal, Engel provides prescriptive strategies that will allow you and your partner to work together to stop bringing out the worst in each other and stop the abuse. By teaching those who are being emotionally abused how to help themselves and those who are being emotionally abusive how to stop abusing, *The Emotionally Abusive Relationship* offers the expert guidance and support you need.

verbally abusive relationship patricia evans: Emotionally Abusive Husbands and Boyfriends Sharon Walsh Cook, 2013-10-25 Emotional abuse is more than just derogatory insults and name-calling. Some forms of emotional abuse can be difficult to recognize. Even though they may be less obvious and therefore harder to detect, these tactics can severely affect your mental and emotional well-being, especially if the abuse continues. The forms of emotional abuse that damage your mental health are common in relationships, but unrecognizable to many who encounter them. *Emotionally Abusive Husbands and Boyfriends* provides personality profiles to help you uncover

these forms of emotional abuse. It names the different types of emotionally abusive behaviors so that you can easily identify them in your relationship and includes information about stalking. This guide explores the possible reasons that men engage in abusive behaviors. It explains why you shouldn't confront an abuser about his behavior and what steps you can take to protect yourself and heal from the abuse. If you cannot figure out what's wrong in your relationship, it's time to take action. The personality profiles this guide offers could be just what you need to end the confusion and correct the problem so that you can heal.

verbally abusive relationship patricia evans: Healing Conversations Nance Guilmartin, 2010-05-17 Whether it's the loss of a job, a marriage, or a life, in today's 24/7 world we're increasingly faced with uncomfortable situations where we don't know what to say yet we're called upon to quickly respond -- online or in person. We may fumble, avoid contact, or simply walk away perplexed, thinking we have done a bad job of responding to our friends, family, neighbors, clients, and co-workers. How do we pause, listen, and offer comfort in those hard moments? Filled with touching stories, this practical guide helps us step into someone else's shoes so that we can empathetically learn how to respond in times of need. The revised compact edition includes a new introduction, index and short reflections at the end of each chapter to help readers become more comfortable and effective when offering or accepting comfort in their demanding lives.

verbally abusive relationship patricia evans: *The Mother and the Manager* Elizabeth Ralston, 2014-08-22 In *The Mother And The Manager* Elizabeth Ralston courageously explores how our traditional gender roles create codependent behaviors in men and women and offers positive, workable solutions toward dealing with this problem. *The Mother And The Manager* takes an in-depth look at how our society has evolved and impacted gender roles into the twenty-first century. As 12-Step recovery groups have flourished in recent years, women have been educated about why they have issues such as low self-esteem, perfectionism, rigidity, relationship failures, inability to get their needs met and fear of conflict. Elizabeth has bravely shared about how patriarchy has impacted her life and how recovery has helped her to empower and heal herself. She will help many who are searching for answers to their questions and will help them on the road to recovery. I salute her ability to face her fears about rocking the boat in writing this book and taking the risk to speak her truth and stay on her God-inspired path. Ginger S. Edwards, Licensed Professional Counselor, Licensed Addictions Specialist Specializing in Codependency and Trauma

verbally abusive relationship patricia evans: *Renaissance Drama* 31 Jeffrey Masten, Wendy Wall, 2002-07-24 *Performing Affect, Volume 31 of Renaissance Drama*, examines the rehearsal of emotion on the Renaissance stage. These new essays consider the ways in which Renaissance plays represent emotional states, while also presenting new scholarship specifically on the performance of affect on the early modern stage. The essays thus consider the continuing effects of affect in early modern culture more broadly, beyond the thrust stage, asking the question: what are the instrumental and performative effects of Renaissance drama in a larger conception of Renaissance emotions? How do we reckon the effects of early modern drama and performance within a larger history of the emotive self? A number of these essays significantly press at the borders of the customary terms we use to denote emotional states, states for which the best early modern terms may well be affect and passions. Topics include: emotion and the humoral body; domestic abuse and trauma; the politics of onstage gesture; the relation of idolatry, desire, and necrophilia; the performance of such affective states as religious fervor, memory, jealousy, melancholy, and heroic masculinity. *Renaissance Drama*, an annual and interd

verbally abusive relationship patricia evans: *Crimes of Punishment* Theodore L. Dorpat, 2007 This groundbreaking book by an award-winning psychoanalyst and forensic psychiatrist presents a comprehensive exploration of a timely but often taboo topic: the failure of punishment to deter crime and violence, an issue that affects us both individually and as a culture. Written at the culmination of the author's fifty-year career as a psychoanalyst, forensic psychologist and scholar, this wide-ranging work identifies the origins of violence and investigates the surprising consequences of punishment from a multitude of perspectives. In his treatment of the topic, Dr.

Dorpat utilizes scientific research; ethical reasoning, and his vast clinical experience and insight. He also suggests the benefits of new and emerging humane alternatives to the revenge/punishment model currently entrenched in our society, such as restorative justice. In contrast to most contemporary measures, these new approaches while still imprisoning dangerous individuals effectively stress reparation and forms of sanctioning other than incarceration. When restitution replaces revenge, everyone benefits. *Crimes of Punishment* examines four key, interrelated social methods of punishment. These are (1) the corporal punishment of children, (2) the incarceration of adults in prisons, (3) capital punishment the death penalty, and (4) emotional (verbal) abuse. As he elucidates and analyzes each of these forms of punishment, Dr. Dorpat clearly and logically makes the case that punishment is not only ineffectual but that it also engenders more of what it ostensibly aims to stop: violence and misbehavior. Both children and adults who are subjected to punishment tend to become more violent individuals. In covering the full scope of our contemporary justice system Dr. Dorpat brings to the forefront those who are often overlooked or dismissed: the victims of crime. His concluding chapters present and clarify the psychological wounds and needs of these individuals, and demonstrate how restorative justice is effective in attending to victims in an ethical and healing manner. In a humane and ethically evolved society restitution replaces punishment.

Market Comparison-- *Crimes of Punishment* is unique in that it covers not just one but four different types of punishment (the corporal punishment of children, the incarceration of adults, the death penalty, and verbal emotional] abuse). Two earlier books written by psychiatrists expose the terrible conditions in America's prisons. They are *The Crime of Punishment* (New York: Viking, 1968) by Karl Menninger, and *Prison Madness* by Terry Kupers (San Francisco: Jossey-Bass, 1999). This book differs in two important ways from the books written by Menninger and Kupers. First, *The Crimes of Punishment* covers other kinds of punishment, while those authors deal only with the punishment of incarceration. Secondly, the reforms they recommend are merely piecemeal modifications of the present criminal justice systems, whereas Dr. Dorpat argues for a radical change that includes the abolition of today's punitive prison (Retributive Justice) system and the establishment of a new and different system, namely Restorative justice, a system that has been developed over the past decade in Australia and New Zealand. *The Crimes of Punishment* differs from Menninger's book in covering the many changes that have occurred in prisons since 1968. In several short chapters on restorative justice, the book also explores this exciting new approach and serves as an informed introduction to a new, important, and effective moral approach to the treatment of criminals.

verbally abusive relationship patricia evans: The Abusive Relationships Workbook Sam Vaknin, 2010-01-06 Self-assessment questionnaires, tips, and tests for victims of abusers, batterers, and stalkers in various types of relationships.

verbally abusive relationship patricia evans: Choose To Be Happy Geifry Cordero, 2024-12-01 Is it possible to achieve true happiness in a world filled with stress, anxiety, and disappointment? *Choose to Be Happy* offers a hopeful and transformative answer. Combining cutting-edge scientific research with profound biblical insights, this book guides readers to discover that happiness is not solely based on external circumstances but on intentional and spiritually grounded decisions. Author Geifry Cordero—a pastor and speaker—presents a holistic approach that covers mental health, emotions, relationships, purpose, and faith. Through practical chapters, real-life testimonies, actionable exercises, and additional resources, this book invites you to take control of your emotional and spiritual life, revealing that happiness is not an accident but a choice. Perfect for readers seeking personal growth, spiritual balance, and a fulfilled life supported by both the Bible and science.

verbally abusive relationship patricia evans: Peace Within Shirley Horn, Janet Manning, 2006-06 From the Forward by Thomas Shepherd *Peace Within* introduces new voices to the world of spiritual literature. All the stories, poems and spiritual journeys you will encounter in this volume have a common denominator; each contributor was willing to risk whatever it took to find balance

and harmony in their lives, expressed in the simple phrase Peace Within. Although life may not always be joyful, people who find that axis of spiritual integrity within, and stay centered upon it, soon discover that nothing which happens in life can disturb their peace. Now, more than ever, humanity needs to grow up, to enter a new phase of life. Our new millennium requires a renewed consciousness of the potentiality within every sentient being. The search for new consciousness has found some guiding voices in the book you hold in your hands. In this profound collection of stories, learn how each author has found a deep sense of inner peace, often in the face of extraordinary circumstances. Your mind and heart will be quickened as you read these stories of courage and commitment. May you find that peace is contagious, and may you catch it here. Wayne Manning, Life and Business Coach, Manning Consulting, Auburn, CA Each story has an unmistakable sense of peace, love and joy in some mixture and balance. Each person found their own way to this treasure in their own timing. Their stories are not only inspiring and informative; they are critical to our future. M Marylou Palmer, Certified Transitional Ministry Specialist, Unity of Beaverton, OR
