

american literature in the 19th century

American Literature in the 19th Century: A Journey Through Innovation and Identity

american literature in the 19th century holds a unique place in the broader tapestry of world literature. This century was a period of immense transformation, not only in the political and social landscapes of the United States but also in its literary voice. Writers of this era grappled with the challenges of defining a distinctly American identity, exploring themes of freedom, nature, individuality, and the moral complexities of a rapidly changing society. From transcendentalism to realism, the 19th century laid the foundation for the rich, diverse landscape of American letters.

The Rise of a Distinct American Voice

In the early 1800s, American writers were often seen as imitators of European literature, particularly British traditions. However, as the country expanded westward and experienced rapid industrialization, its literature began to reflect uniquely American experiences and ideals. The quest for a national identity was at the heart of this literary evolution.

Early Romanticism and Transcendentalism

One of the defining features of american literature in the 19th century was the rise of the Romantic movement, which emphasized emotion, nature, and individualism. While Romanticism was a global phenomenon, American writers infused it with their own cultural and geographical context.

Transcendentalism, a distinctly American philosophical and literary movement, emerged in the 1830s and 1840s. Figures like Ralph Waldo Emerson and Henry David Thoreau championed ideas about the inherent goodness of people and nature, the importance of self-reliance, and the spiritual over the material. Their essays and books urged readers to look beyond societal conventions and connect deeply with the natural world.

Thoreau's "Walden" remains a seminal work, showcasing a profound engagement with nature and a critique of consumer culture, themes that still resonate in contemporary American thought. Similarly, Emerson's essays, such as "Self-Reliance," encourage readers to trust their intuition and embrace their unique perspectives.

Exploring Social and Moral Issues Through Literature

As the century progressed, american literature in the 19th century increasingly engaged with the pressing social issues of the day, especially slavery, women's rights, and the consequences of rapid modernization.

The Abolitionist Movement and Its Literary Champions

The fight against slavery was not only a political battle but also a cultural and literary one. Writers used their pens as tools of activism, seeking to expose the brutal realities of slavery and call for justice.

Harriet Beecher Stowe's "Uncle Tom's Cabin" (1852) is perhaps the most famous example of this. The novel's vivid portrayal of enslaved individuals and its emotional appeal galvanized anti-slavery sentiment across the nation and abroad. It demonstrated the power of literature to influence public opinion and political action.

Frederick Douglass, an escaped slave turned orator and writer, contributed profoundly to American literature in the 19th century through his autobiographies. His narratives, including "Narrative of the Life of Frederick Douglass, an American Slave," provided firsthand accounts of the horrors of slavery, challenging readers to confront uncomfortable truths.

Women's Voices and the Quest for Equality

The 19th century also saw an increase in women writers who began to challenge traditional gender roles and advocate for women's rights. Authors like Louisa May Alcott, Emily Dickinson, and Margaret Fuller offered diverse perspectives on womanhood, creativity, and independence.

Alcott's "Little Women" presented a nuanced depiction of family life and the aspirations of young women, combining entertainment with subtle social critique. Emily Dickinson's poetry, often introspective and unconventional in form, explored themes of death, immortality, and identity, pushing the boundaries of poetic expression.

Margaret Fuller, a notable transcendentalist and early feminist, used her writing and editing skills to promote intellectual freedom and women's education. Her work laid groundwork for later feminist literature in America.

The Evolution of Literary Styles: From Romanticism to Realism

By the latter half of the 19th century, American literature in the 19th century saw a gradual shift from the idealism of Romanticism and Transcendentalism toward Realism and Naturalism, reflecting a desire to depict life more accurately and honestly.

Realism and the Portrayal of Everyday Life

Realism emerged as a reaction against the heightened emotions and idealized depictions of Romanticism. Authors sought to represent ordinary people and situations in a truthful

manner, often focusing on the middle and lower classes.

Mark Twain, often hailed as the father of American literature, exemplified this approach. His works, including “The Adventures of Huckleberry Finn,” combined humor, social critique, and rich dialects to portray life along the Mississippi River. Twain’s storytelling captured the complexity of American society and the contradictions embedded within it.

Other notable realist writers include Henry James, who explored psychological depth and social dynamics, and William Dean Howells, who championed literary realism as a movement.

Naturalism and the Influence of Science

Naturalism, an offshoot of Realism, incorporated scientific ideas about determinism and environment shaping human behavior. Writers like Stephen Crane and Frank Norris depicted characters struggling against forces beyond their control — social, economic, and natural.

Crane’s “Maggie: A Girl of the Streets” offered a stark look at urban poverty, while Norris’ “McTeague” examined greed and brutality in a capitalist society. These works emphasized the darker aspects of human existence and the limits of free will.

American Literary Icons and Their Enduring Legacy

When discussing American literature in the 19th century, it’s impossible to overlook the towering figures whose works remain staples of American culture and education.

Edgar Allan Poe: Master of the Macabre

Poe’s contributions to the gothic and detective genres brought a new psychological depth to American literature. His poems and short stories, including “The Raven” and “The Tell-Tale Heart,” explore themes of madness, death, and the supernatural with haunting lyricism.

Poe’s influence extends beyond literature into popular culture and the development of modern horror and mystery genres.

Walt Whitman and the Celebration of Democracy

Walt Whitman revolutionized poetry with his free verse style and expansive themes celebrating the individual and democracy. “Leaves of Grass” is a landmark collection that

captures the spirit of America's diversity and potential.

Whitman's work embodies the optimism and complexity of 19th-century America, embracing contradictions and the evolving national identity.

Tips for Exploring 19th Century American Literature

If you're diving into American literature in the 19th century, here are some helpful tips to enrich your reading experience:

- **Understand the historical context:** Knowing about events like the Civil War, abolitionism, and westward expansion can deepen your appreciation of the themes.
- **Explore different genres:** From poetry and novels to essays and autobiographies, 19th-century American literature is diverse and varied.
- **Pay attention to literary movements:** Recognizing the shift from Romanticism to Realism and Naturalism can help you track changes in style and focus.
- **Consider the authors' backgrounds:** Many writers' personal experiences influenced their works, especially in terms of social issues.
- **Join reading groups or online forums:** Discussing these works with others can offer fresh insights and perspectives.

American literature in the 19th century is a vibrant canvas reflecting the nation's growth pains, ideals, and contradictions. Its rich variety of voices and styles not only shaped future American writing but also continue to offer profound insights into the human condition and the American experience. Whether you're drawn to the lyrical musings of the transcendentalists or the gritty realism of Twain and Crane, this century's literary treasures remain as relevant and captivating as ever.

Frequently Asked Questions

What are some defining characteristics of American literature in the 19th century?

American literature in the 19th century is characterized by its focus on individualism, nature, and the American identity. It often explores themes such as democracy, freedom, and the frontier experience, reflecting the country's rapid expansion and social changes.

Who are some prominent American authors from the 19th century?

Prominent American authors from the 19th century include Nathaniel Hawthorne, Edgar Allan Poe, Herman Melville, Walt Whitman, Emily Dickinson, Henry James, and Mark Twain.

How did the Transcendentalist movement influence 19th-century American literature?

The Transcendentalist movement, led by figures like Ralph Waldo Emerson and Henry David Thoreau, emphasized individual intuition, nature, and spiritual self-reliance. This philosophy deeply influenced 19th-century American literature by encouraging writers to explore themes of personal freedom and the inherent goodness of people and nature.

What role did slavery and abolitionism play in 19th-century American literature?

Slavery and abolitionism were central themes in 19th-century American literature, with authors like Frederick Douglass and Harriet Beecher Stowe using their works to expose the horrors of slavery and advocate for its abolition. These themes helped shape national conversations about race, morality, and human rights.

How did the American Civil War impact literature during the 19th century?

The American Civil War profoundly influenced 19th-century literature by inspiring works that grappled with themes of conflict, loss, identity, and reconstruction. Writers like Walt Whitman and Ambrose Bierce depicted the brutal realities of war, while others explored its social and political aftermath.

What is the significance of Mark Twain's work in 19th-century American literature?

Mark Twain is significant for his realistic portrayal of American life, especially in the South and along the Mississippi River. His works, such as "The Adventures of Huckleberry Finn," challenged social norms and addressed issues like racism and class, making him a key figure in the development of American literary realism.

American Literature in the 19th Century: A Transformative Epoch

american literature in the 19th century represents a formative and dynamic period in the cultural and intellectual history of the United States. This century witnessed the emergence of distinct literary voices that shaped not only national identity but also contributed profoundly to global literary traditions. The 19th century was marked by rapid

social change, political upheaval, and evolving philosophical ideas, all of which found expression in the diverse bodies of work produced during this era. From transcendentalism and realism to the early stirrings of naturalism, the literature of this time offers a rich tapestry for scholarly investigation and appreciation.

The Evolution of American Literature in the 19th Century

The trajectory of american literature in the 19th century cannot be understood without considering the broader historical and cultural currents that influenced writers. The century began with a lingering colonial literary tradition but gradually carved out an independent voice reflecting the complexities of a young nation grappling with its identity. The early decades were dominated by Romanticism, particularly the uniquely American variant known as Transcendentalism, which emphasized individual intuition and the inherent goodness of nature.

As the century progressed, the literary landscape diversified. The horrors and realities of the Civil War, the abolitionist movement, and the expansion westward fostered new genres and themes. Realism gained prominence as authors sought to depict everyday life with fidelity, moving away from the idealized perspectives of earlier Romantic works. This shift was crucial in shaping a literature that was more reflective of the American experience during a period of intense transformation.

Key Movements and Their Impact

Understanding american literature in the 19th century requires an analysis of its major literary movements:

- **Transcendentalism:** This philosophical and literary movement, led by figures such as Ralph Waldo Emerson and Henry David Thoreau, championed self-reliance, individualism, and a deep connection to nature. Their essays, poems, and journals propelled new ways of thinking about human potential and spirituality.
- **Romanticism:** Beyond transcendentalism, broader Romantic ideals influenced writers like Edgar Allan Poe and Nathaniel Hawthorne, who explored the supernatural, the gothic, and the human psyche's complexities.
- **Realism:** In the latter half of the century, authors such as Mark Twain and Henry James turned their attention to accurate representations of life, social conditions, and character psychology, often critiquing societal norms.
- **Early Naturalism:** Emerging near the century's close, writers like Stephen Crane began to depict humans as subject to environmental and social forces beyond their control, signaling a more deterministic worldview.

These movements reflect a literary evolution from idealism to a more pragmatic exploration of human existence, mirroring the nation's maturation.

Prominent Authors and Their Contributions

The 19th century produced an array of authors whose works remain foundational in American literature:

1. **Washington Irving:** Often regarded as America's first internationally recognized writer, Irving's early 19th-century works such as "The Legend of Sleepy Hollow" and "Rip Van Winkle" introduced folklore and regionalism into American storytelling.
2. **Edgar Allan Poe:** Poe's mastery of the macabre and psychological horror expanded the boundaries of American Gothic literature and contributed to the development of detective fiction.
3. **Herman Melville:** His magnum opus, "Moby-Dick," combines adventure with profound philosophical inquiry, addressing themes of obsession, nature, and fate.
4. **Emily Dickinson:** Although largely unpublished during her lifetime, Dickinson's innovative poetry challenged contemporary norms through its brevity, unconventional punctuation, and introspective themes.
5. **Mark Twain:** Known for his vivid portrayals of American life along the Mississippi River, Twain's works like "Adventures of Huckleberry Finn" offer critical commentary on race, identity, and morality.

These authors not only reflect the diversity of 19th-century American literature but also highlight its growing complexity and depth.

Thematic and Stylistic Features of 19th Century American Literature

American literature in the 19th century is distinguished by several recurring themes and stylistic elements that reveal the era's intellectual preoccupations and artistic innovations.

Exploration of Identity and Nationalism

As the United States expanded territorially and politically, questions of national identity became paramount. Literature played a key role in articulating what it meant to be American, often contrasting the Old World traditions with the New World's democratic ideals. This exploration is evident in works addressing the frontier experience, the

institution of slavery, and the tensions between individual freedom and social order.

Nature and the Sublime

Nature was a central motif, especially in transcendentalist writings. The natural world was not merely a backdrop but a source of spiritual insight and moral guidance. This reverence for nature often stood in opposition to the rise of industrialization and urbanization, which many authors viewed as alienating and corrupting forces.

Social Critique and Reform

Many 19th-century writers were deeply engaged with social issues. Abolitionism, women's rights, and poverty were frequent subjects, and literature became a platform for advocacy and reform. Harriet Beecher Stowe's "Uncle Tom's Cabin," for instance, had a profound impact on public opinion regarding slavery.

Innovations in Narrative and Poetic Form

Stylistically, this century saw experimentation with narrative techniques and poetic structures. The use of unreliable narrators, stream of consciousness, and symbolic imagery started to take shape, laying the groundwork for modernist innovations in the 20th century.

Comparative Perspectives: American Literature vs. European Traditions

While American literature in the 19th century was influenced by European literary traditions, it increasingly asserted its own voice. European Romanticism, for example, provided a template that American authors adapted to their own cultural context. Unlike European literature, which often centered on aristocratic or historical themes, American works frequently emphasized democratic ideals, frontier life, and social mobility.

Moreover, the American literary scene was deeply intertwined with the country's unique historical experiences, such as the expansion westward and the Civil War. These events produced a literature that was at once particular to the United States and universal in its human concerns.

Pros and Cons of the 19th Century Literary Landscape

- **Pros:** The 19th century witnessed the birth of a distinctive American literary identity, rich thematic diversity, and groundbreaking stylistic innovations. The period nurtured

voices that challenged societal norms and broadened literary horizons.

- **Cons:** Despite its richness, the literature of the time often reflected the limitations of its social context, including marginalization of women and minority voices. Many works also grappled with idealized portrayals that sometimes overlooked harsher realities.

These complexities underscore the necessity of reading 19th-century American literature with a critical and contextual lens.

Legacy and Continuing Influence

American literature in the 19th century laid the foundation for subsequent literary developments. Its exploration of identity, social justice, and human psychology continues to resonate in contemporary fiction and poetry. Modern authors and scholars frequently revisit this period to understand the roots of American literary culture and to engage with its enduring questions.

The century's literary output also remains a vital resource for historians, sociologists, and cultural critics, providing nuanced insights into the evolving American psyche during a century of profound transformation.

In sum, the 19th century was a pivotal era in shaping the contours of American literature, signaling a move toward a more mature, reflective, and socially engaged literary tradition. Its works, authors, and movements continue to inspire and challenge readers, making the study of this period an indispensable part of understanding American cultural and intellectual history.

american literature in the 19th century: Popular American Literature of the 19th Century Paul C. Gutjahr, 2001 An anthology of 19th century popular fiction. This collection focuses on major works of the genre, works that are relatively inexpensive individually or not readily available. This text would most likely be adopted in an American Studies programme.

american literature in the 19th century: *American Literature in Nineteenth Century England* Clarence Gohdes, 1963

american literature in the 19th century: American Literature and the Academy Kermit Vanderbilt, 1989-02 This book is a volume in the Penn Press Anniversary Collection. To mark its

125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

american literature in the 19th century: 19th Century American Literature Rowland Hughes, 2011 This volume examines the literature and culture of 19th-century America, covering genres such as the early American novel, realist fiction and historical romance, short stories and poetry.

american literature in the 19th century: Political Prayer in Nineteenth-Century American Literature Amy Dunham Strand, 2024-09-30 Political Prayer in Nineteenth-Century American Literature explores how American women writers such as Catharine Maria Sedgwick, Harriet Beecher Stowe, Rebecca Harding Davis, and Emily Dickinson translated petitioning – a political form for redress of grievances with religious resonance, or what Strand calls “political prayer” – in their literary works. At a time when petitioning was historically transforming governments, mobilizing masses, and democratizing North America, these White women writers wrote “literary petitions” to advocate for others in social justice causes such as antiremoval, antislavery, and labor reform, to transform American literature and culture, and to articulate an ambivalent political agency. Political Prayer in Nineteenth-Century American Literature introduces historic petitioning into literary study as an overlooked but important new lens for reading nineteenth-century fiction and poetry. Understanding petitions in these literary works – and these literary works as petitions – also helps us to understand women’s political agency before their enfranchisement, to explain why scholars have long debated and inconsistently interpreted the works of well-anthologized women writers, and to see more clearly the multidimensional, coexisting, and often competing religious and political aspects of their writings.

american literature in the 19th century: A History of American Literature Richard Gray, 2011-09-23 Updated throughout and with much new material, A History of American Literature, Second Edition, is the most up-to-date and comprehensive survey available of the myriad forms of American Literature from pre-Columbian times to the present. The most comprehensive and up-to-date history of American literature available today Covers fiction, poetry, drama, and non-fiction, as well as other forms of literature including folktale, spirituals, the detective story, the thriller, and science fiction Explores the plural character of American literature, including the contributions made by African American, Native American, Hispanic and Asian American writers Considers how our understanding of American literature has changed over the past thirty years Situates American literature in the contexts of American history, politics and society Offers an invaluable introduction to American literature for students at all levels, academic and general readers

american literature in the 19th century: American Literature of the Nineteenth Century William J. Fisher, 1965

american literature in the 19th century: Collection of 19th Century American Literature Paulette Greene, Rockville Centre, 1987

american literature in the 19th century: Bibliography of American Literature in Periodicals, 19th Century Richard Samuel West, Steven Lomazow, 1997 A comprehensive index to the works of 18 great American writers in American periodicals. Organized by magazine title and by author.

american literature in the 19th century: Transatlantic Literary Exchanges, 1790-1870 Dr Julia M Wright, Dr Kevin Hutchings, 2013-05-28 Exploring the ways in which transatlantic relationships functioned in the nineteenth century to unsettle hierarchical models of gender, race, and national and cultural differences, this collection demonstrates the generative potential of transatlantic studies to loosen demographic frames and challenge conveniently linear histories. The

contributors take up a rich and varied range of topics, including Charlotte Smith's novelistic treatment of the American Revolution, *The Old Manor House*; Anna Jameson's counter-discursive constructions of gender in a travelogue; Felicia Hemans, Herman Melville, and the 'Queer Atlantic'; representations of indigenous religion and shamanism in British Romantic literary discourse; the mid-nineteenth-century transatlantic abolitionist movement; the transatlantic adventure novel; the exchanges of transatlantic print culture facilitated by the Minerva Press; British and Anglo-American representations of Niagara Falls; and Charles Brockden Brown's intervention in the literature of exploration. Taken together, the essays underscore the strategic power of the concept of the transatlantic to enable new perspectives on the politics of gender, race, and cultural difference as manifested in late eighteenth- and nineteenth-century Britain and North America.

american literature in the 19th century: John Neal and Nineteenth-Century American Literature and Culture Edward Watts, David J. Carlson, 2012-02-01 John Neal and Nineteenth-Century American Literature and Culture critically reassesses the significance of American novelist, editor, critic, and activist John Neal to the transatlantic literary culture of the nineteenth century. Long appreciated primarily as a powerful advocate of literary nationalism in the United States, Neal is presented in this volume as an innovative literary stylist, a penetrating cultural critic, a pioneering regionalist, and a vital participant in the business of letters in America over a sixty-year career. The volume's contributors (including scholars from the United States, Germany, England, Italy, and Israel) employ a wide range of critical methodologies (legal studies, psychoanalysis, cultural studies, etc.) to survey Neal's career from his early novel writing in the 1820s to his culminating autobiography, published in 1869. Special attention is paid to his work as an editor, journalist, critic, and publisher in a variety of journals. Throughout this discussion, Neal emerges as a vastly underappreciated artist and a figure of considerable importance to the ongoing reassessment of the American Renaissance and the broader cultural history of the nineteenth century. The editors' introduction (and the volume as a whole) offers an overview of the present vitality of the new Neal scholarship while also suggesting a number of areas for future research and inquiry.

american literature in the 19th century: *The Places of Modernity in Early Mexican American Literature, 1848-1948* José F. Aranda, 2022-02-2023 Choice Outstanding Academic Title In *The Places of Modernity in Early Mexican American Literature, 1848-1948*, José F. Aranda Jr. describes the first one hundred years of Mexican American literature. He argues for the importance of interrogating the concept of modernity in light of what has emerged as a canon of earlier pre-1968 Mexican American literature. In order to understand modernity for diverse communities of Mexican Americans, he contends, one must see it as an apprehension, both symbolic and material, of one settler colonial world order giving way to another more powerful colonialist but imperial vision of North America. Letters, folklore, print culture, and literary production demonstrate how a new Anglo-American political imaginary revised and realigned centuries-old discourses on race, gender, class, religion, citizenship, power, and sovereignty. The modern, Aranda argues, makes itself visible in cultural productions being foisted on a conquered people, who were themselves beneficiaries of a notion of the modern that began in 1492. For Mexican Americans, modernity is less about any particular angst over global imperial designs or cultures of capitalism and more about becoming the subordinates of a nation-building project that ushers the United States into the twentieth century.

american literature in the 19th century: *The King Arthur Myth in Modern American Literature* Andrew E. Mathis, 2001-11-30 In American fiction, two forms of the Arthurian myth are commonly found: the use of the myth for political reasons, and the use of the myth for the continuation of an aesthetic tradition that can be traced back to the earliest use of the Arthurian cycle by writers in the British Isles. This work traces the use of the legend from Mark Twain's *A Connecticut Yankee in King Arthur's Court* to Donald Barthelme's novel *The King*. It discusses how Twain used the myth to take a stand against England, how it served cultural and aesthetic purposes in John Steinbeck's writing, how Raymond Chandler used it in complex texts with less obvious Arthurian allusions that carried strong cultural and even political associations, how John Gardner

used aspects of the myth to embellish already existing narrative structures and to underscore philosophic debates, and how Donald Barthelme suggests the continuing interest of American writers in the Arthurian legend today in his novels. Also discussed is the effect of World War II on American literature and the Arthurian myth and the Camelot image surrounding the Kennedys.

american literature in the 19th century: Latin American Literature in Transition 1800-1870: Volume 2 Ana Peluffo, Ronald Briggs, 2022-12-08 Latin American Literature in Transition 1800-1870 uses affect as an analytical tool to uncover the countervailing forces that shaped Latin American literatures and cultures during the first six decades of the nineteenth century. Chapters provide perspectives on colonial violence and its representation, on the development of the national idea, on communities within and beyond the nation, and on the intersectional development of subjectivity during and after processes of cultural and political independence. This volume includes interdisciplinary approaches to nineteenth-century Latin American cultures that range from visual and art history to historiography to comparative literature and the study of literary and popular print culture. This book engages with the complex and sometimes counterintuitive relationship between felt ideas of community and the political changes that shaped these affective networks and communities.

american literature in the 19th century: Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to, and critical analysis of, the vast number of books available within the subject of English literature, from Anglo-Saxon times to the current American, British and Commonwealth scene. It is designed to help students, teachers and librarians choose the most appropriate books for research and study.

american literature in the 19th century: Evolution and Eugenics in American Literature and Culture, 1880-1940 Lois A. Cuddy, Claire M. Roche, 2003 Charles Darwin's theory of descent suggested that man is trapped by biological determinism and environment, which requires the fittest specimens to struggle and adapt without benefit of God in order to survive. This volume focusses on how American literature appropriated and aesthetically transformed this, and related, theories.

american literature in the 19th century: *19th Century American Literature on Microcards* , 1974

american literature in the 19th century: American Arabesque Jacob Rama Berman, 2012-06-11 Part of the American Literatures Initiative Series American Arabesque examines representations of Arabs, Islam and the Near East in nineteenth-century American culture, arguing that these representations play a significant role in the development of American national identity over the century, revealing largely unexplored exchanges between these two cultural traditions that will alter how we understand them today. Moving from the period of America's engagement in the Barbary Wars through the Holy Land travel mania in the years of Jacksonian expansion and into the writings of romantics such as Edgar Allen Poe, the book argues that not only were Arabs and Muslims prominently featured in nineteenth-century literature, but that the differences writers established between figures such as Moors, Bedouins, Turks and Orientals provide proof of the transnational scope of domestic racial politics. Drawing on both English and Arabic language sources, Berman contends that the fluidity and instability of the term Arab as it appears in captivity narratives, travel narratives, imaginative literature, and ethnic literature simultaneously instantiate and undermine definitions of the American nation and American citizenship.

american literature in the 19th century: *The Pen is Ours* Jean Fagan Yellin, Cynthia D. Bond, 1991 This bibliography of writing by and about African-American women provides a much needed research tool to scholars and researchers in the field. The bibliography lists writing by African-American women whose earliest publication appeared before 1910; a supplemental bibliography lists writing published as of 1911.
