the greatest quotes of all time: The Greatest Man In Our Time Brian W. Kelly, 2023-03-29 Modern pundits give Donald Trump little credit for anything even though he is clearly The Greatest

Man in Our Time. I would say it is because the bulk of the news media simply do not like him as he does not want to have anything to do with a Marxist agenda. Before Trump set the world on fire from 2017 to 2020, the five highest rated presidents, according to a C-SPAN survey, for example were Abraham Lincoln, George Washington, Franklin D. Roosevelt, Theodore Roosevelt and Dwight D. Eisenhower. I do not contest the fact that they showed greatness in office but when you look at all of Trump's accomplishments and the complexity of our times, the 45th president deserves much more consideration. That's why I wrote this book. You may never choose to invite Donald John Trump over the house for breakfast or even a holiday gathering, but looking back at his four years in office, whether you like him or not, most Americans admit those were some of the most prosperous and warless years we have had in our lifetimes. We have the chance again to have the Greatest Man in Our Time as President in a few more years. Let's do our best to assure it. . After you read this book, I hope you feel as comfortable as I do to place Donald J. Trump on the top of this venerable stack of great presidents. With all of the flack Trump received as president, there are clearly a number of Americans who would not cast their vote for Best President his way under any circumstance. But there are a lot who would. I am glad you are reading this book as it will help you know what a great man and a great president we can have again as our leader.
