where the sidewalk ends answer key: Quite Contrary John Chabot, 2005 The unusual thing about the collection *Quite Contrary* is the range of subgenre. Although these are all crime stories, each is vastly different in its approach to the crime. One story, *A Step Above The Beasts*, borders on horror, following the actions of a highly ethical murderer. *Time, The Thief*, which is set in a piazza in Italy, shows the power of imagination, and comes dangerously close to being a romance. In several of the stories, notably *Five Points Of View*, who the bad guy is may come as a surprise or even remain a mystery. There is humor here and even a bit of parody, as in *Detour On Mean Street*, the dilemma of a hard-boiled PI caught up in a cozy. These stories have appeared in seven different publications. Two of them (*Quite Contrary* and *The Plot Thickens*) won contests and one (*Quite Contrary*) has since appeared in a mystery anthology printed in Japan. Boson Books also offers the full length mysteries *Our Fathers* and *Now Mourn the Space Cadet* by John Chabot. For an author bio, photo and a sample read, visit www.bosonbooks.com
