

the cure for all diseases by hulda clark

The Cure for All Diseases by Hulda Clark: Exploring a Controversial Approach to Health

the cure for all diseases by hulda clark is a phrase that has intrigued many who seek alternative healing methods beyond conventional medicine. Hulda Clark, a Canadian naturopath and author, proposed a controversial theory that all diseases, including cancer, AIDS, and multiple sclerosis, are caused by parasites, toxins, and pollutants in the body. Her approach to healing revolves around identifying and eliminating these harmful agents to restore health naturally. Whether you are curious about alternative health philosophies or looking to understand the roots of Clark's claims, this article delves into the principles behind the cure for all diseases by Hulda Clark and what it entails.

Who Was Hulda Clark?

Before diving into her theories and methods, it's important to understand who Hulda Clark was. She was a practitioner of natural medicine and a prolific author, best known for her book, **The Cure for All Diseases**, published in 1995. Clark's work combined elements of herbalism, detoxification, and unconventional diagnostic tools. She believed that by removing parasites and pollutants, the body could heal itself from virtually any illness.

Her approach was met with skepticism and criticism from mainstream medical professionals, but it also inspired a significant following among those interested in holistic and natural healing. Regardless of the controversy, her ideas continue to influence alternative health circles today.

The Core Concept: Parasites and Disease

At the heart of the cure for all diseases by Hulda Clark is the belief that parasites are the root cause of almost every chronic illness. According to Clark, these microscopic invaders feed on toxins in the body and disrupt the immune system, allowing diseases to flourish.

Parasites as the Hidden Enemy

Clark argued that many symptoms attributed to other causes are actually the result of parasitic infections. She claimed that parasites could invade organs, tissues, and even the brain, causing a wide range of health issues. Her diagnostic method involved the use of a device called the "Zapper," which she designed to emit low-voltage electric currents intended to kill parasites and pathogens.

The Role of Environmental Toxins

In addition to parasites, Clark emphasized environmental pollutants and chemicals as significant contributors to disease. She asserted that everyday exposure to pesticides, heavy metals, and other

toxins overloads the body's detoxification systems. This toxic burden weakens immunity and creates an ideal environment for parasites and diseases to thrive.

Methods Proposed in the Cure for All Diseases by Hulda Clark

Clark's healing protocol combined several natural strategies aimed at cleansing the body and eradicating harmful organisms.

The Zapper Device

One of the most notable tools in Clark's approach is the Zapper. This handheld electronic device delivers a mild electrical current that purportedly kills parasites, bacteria, and viruses. Users place electrodes on their hands or feet and run the device for a set period, usually twice a day. While scientific validation is limited, many proponents report improvements in symptoms after using the Zapper.

Herbal Remedies and Detoxification

Clark prescribed specific herbs such as black walnut hulls, wormwood, and cloves, which have traditionally been used for parasite cleansing. These herbs are believed to create an inhospitable environment for parasites and support liver detoxification. Along with herbs, dietary changes and fasting protocols were recommended to enhance the body's natural cleansing abilities.

Environmental and Lifestyle Adjustments

A significant part of Hulda Clark's cure involved minimizing exposure to environmental toxins. This included choosing organic foods, avoiding processed chemicals, and filtering water to reduce contaminants. She also advised on stress management and improving overall lifestyle habits to boost immune resilience.

Understanding the Scientific Perspective

While many people are drawn to alternative treatments like those proposed by Hulda Clark, it's essential to examine the scientific community's viewpoint. The cure for all diseases by Hulda Clark is considered controversial because it lacks rigorous clinical evidence. Medical experts emphasize that diseases are multifactorial—caused by genetic, environmental, infectious, and lifestyle factors—and no single solution applies universally.

Moreover, devices like the Zapper have not been approved by health regulatory authorities for

treating diseases, and some of Clark's claims have been criticized as overly simplistic or misleading. However, her emphasis on detoxification, parasite control, and lifestyle improvements aligns with some recognized health principles.

Incorporating Hulda Clark's Ideas Safely

If the cure for all diseases by Hulda Clark piques your interest, it's important to approach her methods thoughtfully and safely.

Consult Healthcare Professionals

Before attempting any major detox or parasite cleanse, especially if you have chronic conditions or are on medication, consult with qualified healthcare providers. Integrating natural approaches with conventional treatments can sometimes enhance well-being, but professional guidance is crucial to avoid adverse effects.

Focus on Holistic Wellness

Clark's work highlights the importance of considering the body as a whole system. Embracing a balanced diet rich in whole, organic foods, staying hydrated, managing stress, and getting regular exercise are foundational to maintaining health. Parasite prevention through good hygiene and safe food practices is also beneficial.

Critical Thinking and Research

Given the mixed evidence surrounding Hulda Clark's cure, it's wise to research thoroughly and read a variety of perspectives. Many people find value in her detoxification strategies and parasite awareness but combine them with evidence-based medical care for best results.

The Legacy of Hulda Clark's Cure for All Diseases

Despite controversy, Hulda Clark's ideas have sparked ongoing discussions about the role of parasites and toxins in chronic illness. Her books and protocols continue to circulate in alternative health communities, inspiring a focus on natural healing and environmental awareness.

Her work underscores a broader movement toward questioning established medical paradigms and exploring integrative approaches for complex health challenges. Whether one fully embraces her cure or not, the conversation she initiated encourages individuals to take active roles in their health journeys.

The cure for all diseases by Hulda Clark may not be a universally accepted medical solution, but it

offers a unique lens through which to consider the intricate connections between environment, parasites, and well-being. For those seeking alternative paths to health, her teachings serve as a reminder of the body's remarkable capacity to heal when supported holistically.

Frequently Asked Questions

Who was Hulda Clark and what is she known for?

Hulda Clark was a naturopath and author known for her controversial claims about diagnosing and curing all diseases, including cancer, through the use of herbal remedies and a device called the 'Zapper.'

What is the main premise of Hulda Clark's cure for all diseases?

Hulda Clark's main premise is that all diseases are caused by parasites, toxins, and pollutants in the body, and that by eliminating these through specific protocols and using the Zapper device, one can cure all diseases.

What is the 'Zapper' device promoted by Hulda Clark?

The Zapper is an electronic device invented by Hulda Clark that emits low-voltage electrical frequencies, which she claimed could kill parasites, bacteria, and viruses in the body, thereby curing diseases.

Is there scientific evidence supporting Hulda Clark's cure for all diseases?

No, Hulda Clark's claims lack credible scientific evidence and have been widely discredited by medical professionals. Her methods are considered pseudoscientific and are not supported by clinical research.

What are the criticisms against Hulda Clark's disease cure methods?

Critics argue that Hulda Clark's methods are unproven, potentially dangerous, and may prevent patients from seeking effective conventional medical treatments. Regulatory authorities have also issued warnings against her devices and protocols.

Are Hulda Clark's books and treatments legal and safe to use?

Many of Hulda Clark's devices, including the Zapper, have been banned or restricted in several countries due to safety concerns. Her treatments are not approved by health authorities, and their safety and efficacy remain unverified.

What alternative treatments does Hulda Clark recommend besides the Zapper?

Besides the Zapper, Hulda Clark recommended detoxification protocols using specific herbal supplements, dietary changes, and environmental cleansing to remove pollutants and parasites from the body.

Should patients rely on Hulda Clark's cure for serious illnesses like cancer?

Patients are strongly advised not to rely solely on Hulda Clark's methods for serious illnesses such as cancer. Conventional medical treatments should be prioritized, and any alternative therapies should be discussed with qualified healthcare professionals.

The Cure for All Diseases by Hulda Clark: A Critical Examination

the cure for all diseases by hulda clark is a claim that has stirred considerable debate within alternative medicine circles and beyond. Hulda Clark, a controversial figure known for her unconventional health theories, proposed that all diseases, including cancer, AIDS, and multiple sclerosis, could be eradicated by eliminating parasites and toxins from the body using specific protocols. Her approach, which she outlined in books such as "The Cure for All Diseases" and "The Cure for All Cancers," has attracted both fervent supporters and skeptical critics. This article offers an analytical and professional review of Hulda Clark's methods, examining the scientific validity, practical implications, and public reception of her purported cure.

Background and Core Principles of Hulda Clark's Theory

Hulda Clark was a naturopath and author who based her health philosophy on the premise that diseases stem from parasitic infections and environmental toxins. Central to her claims was the idea that a specific type of parasite, which she termed the "human liver fluke," was responsible for triggering a wide range of illnesses. According to Clark, the detection and eradication of these parasites, alongside detoxification of the body, could effectively cure virtually any disease.

Clark developed a diagnostic tool she called the "Zapper," an electronic device claimed to emit frequencies that kill parasites and pathogens without harming human cells. Alongside the zapper, her protocols included herbal supplements, dietary changes, and cleansing regimens designed to rid the body of harmful organisms and substances.

Key Components of the Clark Protocol

- **The Zapper Device:** A low-voltage electronic device intended to destroy parasites and bacteria by applying specific electrical frequencies.
- **Herbal Supplements:** Natural extracts like black walnut hulls, wormwood, and cloves, believed to have antiparasitic and detoxifying properties.
- **Dietary Adjustments:** Recommendations to avoid processed foods, sugars, and other substances that purportedly feed parasites or weaken the immune system.
- **Detoxification Processes:** Methods to cleanse the liver, kidneys, and intestines, including herbal teas and fasting protocols.

Scientific Scrutiny and Medical Perspectives

Despite the appeal of a universal cure, Hulda Clark's theories have been met with significant skepticism from the medical community. Rigorous scientific evaluation is critical when assessing claims of this magnitude, particularly those promising cures for complex diseases such as cancer or autoimmune disorders.

Evidence and Clinical Trials

To date, there is a lack of credible clinical trials or peer-reviewed studies validating the efficacy of the Clark protocols. The zapper device, in particular, has not undergone sufficient testing to confirm its safety or effectiveness. According to the U.S. Food and Drug Administration (FDA), devices like the zapper are not approved for the treatment of diseases, and their marketing claims are considered unsubstantiated.

Moreover, the biological premise that a single parasite causes all diseases contradicts established medical knowledge. Diseases such as cancer and AIDS have multifactorial origins involving genetic, environmental, and viral factors, which cannot be reduced solely to parasitic infections.

Risks and Criticisms

Critics argue that reliance on unproven treatments like those promoted by Clark may lead patients to delay or avoid conventional medical care, potentially resulting in worsened outcomes. Additionally, some of the herbal supplements recommended can interact adversely with medications or cause side effects when used improperly.

The detoxification protocols, while generally safe when done under supervision, lack standardized guidelines, raising concerns about potential nutrient deficiencies or dehydration in some cases.

Comparing Hulda Clark's Approach to Conventional Therapies

When juxtaposed with evidence-based medical treatments, Hulda Clark's cure presents several challenges.

- **Scientific Rigor:** Conventional therapies undergo extensive clinical testing and regulatory approval, whereas Clark's methods rely heavily on anecdotal evidence.
- **Complexity of Diseases:** Modern medicine recognizes the complexity of diseases and tailors treatments accordingly, contrasting with the one-size-fits-all approach suggested by Clark.
- **Safety Profiles:** Approved medical treatments have known safety profiles and dosage guidelines, while Clark's herbal remedies and devices lack standardized protocols.

However, some proponents view Clark's focus on parasites and toxins as complementary to conventional care, arguing that parasite management is occasionally overlooked in standard diagnostics.

Alternative Medicine and Patient Autonomy

The popularity of Clark's cure also underscores a broader trend toward alternative medicine and holistic health strategies. Many patients seek out such treatments due to dissatisfaction with conventional medicine, perceived side effects, or a desire for more natural approaches.

Healthcare professionals emphasize the importance of informed decision-making and encourage patients to discuss alternative therapies with their doctors to ensure safe and coordinated care.

Public Reception and Cultural Impact

Hulda Clark's work has cultivated a dedicated following worldwide, particularly among those interested in natural healing and alternative health paradigms. Her books have sold millions of copies, and zapper devices are commercially available through various outlets.

At the same time, regulatory bodies and consumer watchdogs have issued warnings against some of the claims made by Clark and similar practitioners. The controversy surrounding her cure has sparked debates about the regulation of health products and the ethical responsibilities of health educators.

Media and Internet Influence

The internet has played a pivotal role in disseminating Clark's ideas, with forums, blogs, and social

media platforms amplifying both support and criticism. This digital ecosystem facilitates the rapid spread of health information but also poses challenges in verifying credibility and combating misinformation.

Final Reflections on the Cure for All Diseases by Hulda Clark

The allure of a single cure for all diseases is undeniably powerful, tapping into universal desires for health and longevity. Hulda Clark's hypothesis, centered on parasites and detoxification, offers an intriguing perspective that resonates with many individuals seeking alternative solutions.

Nonetheless, the absence of scientific validation and potential risks associated with abandoning conventional treatments call for caution. While some elements of Clark's protocol, such as the emphasis on diet and natural supplements, may contribute to overall wellness, it is essential to approach such claims with critical scrutiny.

Ultimately, the discourse surrounding the cure for all diseases by Hulda Clark highlights the ongoing tension between alternative medicine and established healthcare, reminding us of the need for evidence-based practices that prioritize patient safety and well-being.

the cure for all diseases by hulda clark: The Hulda Clark Story Wayne C. Robinson, 2025-05-26 She found the cause of disease—and they tried to erase her. What if one woman discovered the cause—and cure—for most diseases... but the medical establishment refused to listen? Dr. Hulda Regehr Clark was a research scientist who claimed to identify the root causes of cancer, HIV, and other chronic illnesses. She developed non-invasive treatments using herbal protocols and a frequency device called the zapper—and thousands of people say her methods healed them. But instead of support, she faced persecution. At age 72, she was arrested in San Diego, transported across the country by police to face trial in Indiana—only to be found not guilty of all charges. Barred from practicing in the U.S., she opened a clinic in Tijuana, Mexico, where patients lined up daily, many crediting her with saving their lives. This gripping true story uncovers: How Dr. Clark's discoveries challenged Big Pharma and modern medicine The legal battles she endured—and won Firsthand testimonials from those who say they were cured Why her research was never formally studied, only suppressed The Hulda Clark Story is not just a biography. It's an exposé of truth buried by fear, greed, and power. If you've ever questioned the system—or wondered why we still haven't found "the cure"—this book will change the way you see medicine, science, and healing.

the cure for all diseases by hulda clark: The End of All Disease Jesse Cannone, Building on

the research and life experience of more than 20 experts in virtually every area of health and natural healing, *The End of All Disease* reveals the often-hidden causes of suffering and how to restore optimal health in every area of your life.

the cure for all diseases by hulda clark: *An End to All Disease* Lt. Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health. On the one hand we face the possibility of a world wide pandemic, the likes of which has never been seen before. We are, likewise on the threshold of discovering natural cures for nearly every disease. As choosing wisely may mean the difference between life and death, this book is designed to help the reader choose alternative options that are seldom if ever in the news. Jared Diamond, in his groundbreaking work, *Collapse: How Societies Choose to Fail or Succeed*, addresses the fact that only civilizations that recognize the threats against their existence, and deal with the threat effectively survive. Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations. The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition. They tore up cable car lines and public transportation so the public would have no other alternative except their oil. Today, the drug monopolies, owned by the descendants of these same robber barons, are nearly complete in their plot to eradicate all natural, low cost remedies for disease prevention and treatment. In the state of Florida, naturopathic physicians were de-licensed unless they also had a conventional medical license. The powers that be want to create a drug induced society, at an enormous financial and emotional cost to the public at large. They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public. The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system. It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you. A few thousand deaths is an acceptable loss if a few billion dollars can be made. And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage. The guardians of public health know which side their toast is buttered on also. The career politicians and beltway bandits at the FDA know where the money is and they don't get it from you or providers of natural cures. The drug monopolies pay the big bucks. There have been no checks and balances. Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act (H.R. 2352) to ensure that accurate health claims ARE NOT SUPPRESSED. Consumers would be given TRUTHFUL AND COMPLETE information about the curative, mitigation, treatment, and prevention effects of foods and dietary supplements on disease or health-related conditions. The time to exercise your God given right to the health care of your choice is now. (www.lef.org) America has the finest emergency health care in the world. Bar none. However that is not the nature of the coming threat. American baby boomers will soon be retiring in the tens of millions. Their health care needs will be staggering and costly. However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine. As it takes a minimum of 6-7 years to obtain a medical degree, America is unprepared for a crisis that is inevitable.

the cure for all diseases by hulda clark: *The Back Pain Chronicles* Paul Parsons, 2005-01-01 *The Back Pain Chronicles* is a back pain sufferer's guide to pain-free living. Included in the book is a common sense explanation for why it is so many people are plagued with back pain as well as a number of steps that people can take to chase pain out of their lives.

the cure for all diseases by hulda clark: *Heal Beneath the Surface* Crystal Sage, 2011-06-09 This book is intended to: Take the confusion and fear out of named disease by explaining disease in more generic terms. Explain the difference between True healing and disease maintenance. Describe how the cause of disease is ultimately all the same, independent of the individual names (labels) that are given by conventional doctors. Explain why labeling disease is unnecessary, delusive, and even harmful. Help you understand how most disease is not (ultimately) caused by outside forces. Explain how allergies to nutrients contribute to most chronic disease.

Describe how all chronic diseases are an accumulation of various toxicities, deficiencies and erroneous programming. Explain how healing is just a matter of erasing (healing) all the many layers of erroneous programming. Inform people of simple healing techniques that reverse allergies and all chronic disease symptoms from the level of causation. Explain the meaning of disease. Help people understand why a diagnosis or the name of their disease should not limit their ability to heal. Expound on the mind-body connection and the importance of healing the emotional (stress) component of disease. Illustrate what you can do to begin taking responsibility for your health, so you can begin your journey of healing today.

the cure for all diseases by hulda clark: A Surfer'S Healing Journey Dianne Ellis, 2014-01-28 After a series of tick bites, Dianne Ellis became extremely sick. Months of unsuccessful medical and natural treatment, including a week in hospital, left her struggling to hold onto life, terrified of leaving her girls. Just when she had given up hope one little old lady with a small bag of green, leafy herb changed everything. Dianne credits alfalfa-leaf tea with saving her life. Renewed, she embarked on a journey back to health and hope, releasing the profound emotional trauma deeply entwined within her physical illness. Dianne passionately shares her process for reclaiming her lost joy and vibrancy, which was enhanced by her deep connection with the ocean, including techniques, treatments, wisdom, and knowledge gained from working with a number of incredible healers along her journey. Her story one of mystery illness, amazing healers, adoption, death, separation, and loss, a beautiful homebirth in the forests of Tasmania, a crazy gunman, astonishing breath sessions, deep love and forgiveness, singing, African drumming and dance, wild surfing and horse-riding adventures, and swimming with dolphins is proof that from the ashes of the old, a new life can blossom.

the cure for all diseases by hulda clark: Cancer No Chemo Robert LaPlante, 2013-05-13 Fifty-nine-year-old Robert LaPlante gave up cigarettes in his twenties, was never overweight, practiced good health habits, and had run marathons and many other foot races. He lived his life in a way he believed would ward off terrible things like cancer. But in November 2008, LaPlante received the devastating diagnosis of signet ring cell adenocarcinoma, a rare and aggressive form of cancer that begins in the appendix. In *Cancer No Chemo*, LaPlante documents his three-year battle with cancer from the initial diagnosis, to surgery to remove ten inches of colon and twenty-two lymph nodes, to winning the fight. Through journal entries, he shares his innermost thoughts during his treatment and recovery, including the fearful decision to forgo chemotherapy in favor of holistic healing methods that are gaining a place in the battle against cancer. In this memoir, he shares how he believes a positive attitude is the most important tool that inspires positive action. *Cancer No Chemo* provides an inspiring look at how one man battled a foreboding cancer diagnosis and won.

the cure for all diseases by hulda clark: I Gave Myself Cancer, I Can Take It Away! Linda Christina Beauregard, 2013-04 I am bold, brave and daring. I did the unthinkable. I went against traditional medical wisdom and came out a huge winner. I went against the grain of conventional surgery, radiation, chemo and other drug therapy, to embark upon a journey that transformed my life. This story is sometimes humorously conversational and details a journey that everyone who wants health without pills, potions, or sickening side effects needs to hear. The cures are here for cancer and every other type of immune system-related disease. The answers are in alternative medicine, and I'm just one of thousands who defeated cancer using unconventional means. It's easy to regain your health without compromising consequences. The real question is, are you ready for it? Are you ready to take back responsibility for your own health and put it where it belongs, in your hands? This book is a must read for anyone who has cancer, knows someone with cancer, or who would like to avoid cancer or any disease! --Jean Sumner, author of *Journey to Raw: 52 Weekly Changes* to add more raw food to your diet and co-founder of World Wellness Education A bible for healthy self-wellness. Heartfelt, sincere, intimate, straightforward, and educational! --Frederic Delarue, music composer and author of *Eyes of Your Heart: Create a New Life Through the Eyes of Your Heart* An alternative view of alternative medicine, *I Gave Myself Cancer* provides much food for thought in the important field of holistic self-healing. --Suzanne Giesemann, author of *Messages of*

Hope

the cure for all diseases by hulda clark: Breast Cancer Kara Lee Schoonover, 2001-02-20
Breast Cancer: Death Call or Enlightenment examines the important role fear plays in the initial decisions made when a woman is first confronted with a potential cancer diagnosis. The most intelligent and rational health care decision possible is one that is researched and planned in advance of the cancer diagnosis. Many women are not aware that they have choices of treatments other than breast mastectomy, radiation, and chemotherapy. As the author searched for an alternative cure for cancer, she learned that finding a cure was not the answer she needed-she needed to find healing. She found that healing involved identifying and treating her spiritual imbalances. It is the author's desire that by sharing her experiences, others will gain knowledge, courage, and determination to win their battle with cancer.

the cure for all diseases by hulda clark: When Technology Fails Matthew Stein, 2008-08-18
There's never been a better time to be prepared. "This book is an indispensable basic manual for the real-life issues that await us in the decades to come. . . [A] treasure trove of practical wisdom."—James Howard Kunstler, author of *The Geography of Nowhere*
Matthew Stein's comprehensive primer on sustainable living skills—from food and water to shelter and energy to first-aid and crisis-management skills—prepares you to embark on the path toward sustainability. But unlike any other book, Stein not only shows you how to live green in seemingly stable times, but to live in the face of potential disasters, lasting days or years, coming in the form of social upheaval, economic meltdown, or environmental catastrophe. *When Technology Fails* covers the gamut. Inside, you'll learn: The basics of installing a renewable energy system for your home or business How to find and sterilize water in the face of utility failure How to keep warm if you've been left temporarily homeless Practical information for dealing with water-quality issues Alternative health and first-aid techniques Each chapter describes skills for self-reliance in good times and bad. Chapters Include: A survey of the risks to the status quo Supplies and preparation for short- and long-term emergencies Emergency measures for survival Prepping water, food, shelter, and clothing First aid, low-tech medicine, and healing Securing energy, heat, and power Metalworking Utensils and storage Low-tech chemistry engineering, machines, and materials Fully revised and expanded, *When Technology Fails* ends on a positive, proactive note with a chapter on "Making the Shift to Sustainability," which offers practical suggestions for changing our world on personal, community and global levels. *When Technology Fails* is a massive project done well. First the book gives a superb presentation of WHY one should be more aware and prepared--and then HOW one should go about this. The scope of this book... is thorough.—John McPherson, author, *Primitive Wilderness Living and Survival Skills*

the cure for all diseases by hulda clark: OPERATION PARADISE (standard edition b/w) G. Ritschl, 2007-11-05
The Orgone Revolution is underway: During the last few years, a small but growing group of people worldwide has started a peaceful revolution planet-wide environmental healing with orgone energy. This book is essential reading for anyone who is interested in holistic healing and the convergence of advanced science with the mystical world view. It is also a book for all those who are worried about the tendencies of a small elite to create a worldwide Orwellian Superstate by means of secret manipulation of world events, centralisation, and secret chemical and electronic warfare against humankind. It is time to reclaim planet earth for humanity. The compelling message of this book is: Together we can create Paradise!

the cure for all diseases by hulda clark: The Electroherbalism Frequency Lists Brian McInturff, 2006-11-10
The Electroherbalism Frequency Lists, Third Edition, contains frequencies that people use for electrotherapy instruments such as EMEMs, Rife machines, Rife-Bare devices, function generator pad devices, Hulda Clark function generators, Tesla therapy devices, and other alternative bioelectronic instruments. This compilation includes the Consolidated Annotated Frequency List and the Non-Consolidated Frequency List, also known as the CAFL and NCFL, and the newly revised CAFL Cross Reference List (CAFL XREF) as well as the chapters Introduction to Alternative Bioelectronic Therapy Devices, Electrical and Frequency Effects on Pathogens, and

James Bare's Understanding Our Frequencies Through Harmonic Associations. The Electroherbalism frequency lists are some of the most-used references for frequency researchers the world over.

the cure for all diseases by hulda clark: Activating Your Healing Energies -- Physical, Mental, Spiritual Ed Leary, 2011-07-25 Our Energy Spectrum Whenever I have a problem to solve, I know that both the problem and the solution are constructed from energy. If I really thought about it, I would probably conclude that all of my problems while on this planet earth were created by human energies. This is especially true of our health. Whenever I look for a solution, I invariably begin with physical symptoms and arrive mostly at a physical solution. I know that we all have energies that are not physical. We have energies of a higher vibration with varying polarities that manifest as thought, emotion, subconscious impressions, and even spiritual impressions. All of these energies are required to promote true holistic healing. The healing energies that I'm referring to don't merely suppress symptoms either, as the general populations seem to prefer. Healing energies must treat the whole person both physical and subtle so that healing can be more permanent and more satisfying. In order to accomplish this, however, a change of viewpoint, a change of attitude, or even a change in beliefs is often required. In addition, no healing is possible without an understanding of the laws that govern the physical as well as the more subtle realms of mind and Spirit. Violation of these laws is the main reason that we get sick, suffer, and die. Therefore, those ancient barriers that our institutions have constructed between science, psychology and religion must come down. Then and only then will we understand what laws we violated that made us sick, and what we must do to get well. Ed Leary

the cure for all diseases by hulda clark: Positive Forces in Healing Cnmt McNiel, 2009-08-31 Positive Forces in Healing is about natural ways in getting well. Healthcare reform and lifestyles are the focus of this book and it is written to educate and inform you about many different forces in healing the human body. This book will teach you how to cleanse your liver and body while detoxifying disease causing materials. Did you know: EIGHT out of ten people in North America harbor one or more parasites and/or worms.* Parasites and 1000's of pollutants invade our bodies daily. If these parasites and toxins are not removed, they may lead to chronic health conditions. This book is the tool that will educate and reform you on how to cleanse and kill these disease infesting bugs. Once your body is cleansed, the body makes its natural adjustments to return to vibrant health. This book will teach you how you can get well spiritually and physically and how to release physical and emotional toxins...and negative health symptoms altogether! This book is full of many various forms of therapies that have been researched and proven by many universities. This book is a must have! Many people use this book as a medicinal guide to getting well. Within This BOOK: * Cancer Cleansing Programs * Liver and internal Cleanses * PMS, Menopause and your metabolism * Body Therapy weight loss * Great Healthy Recipes * How we poison ourselves * Disease and how to eat right to heal most ailments * Healing foods, vitamins, herbs, and minerals * Spiritual Soup for the Soul

the cure for all diseases by hulda clark: Menopause Free of Suffering: A Testimonial Laure Goldbright, The women in my family have always had a lot of symptoms before, during, and after menopause. I didn't want to suffer like them and I decided to react. I questioned our Western beliefs about menopause and did some research to find out how I could avoid the usual menopause ailments. I was determined to have a happy menopause, without hot flashes, mood swings, insomnia, nervousness, depression, cellulite buildup, age spots on the face, and accelerated aging. And I achieved it! I realized that almost all the symptoms culturally attributed to menopause are actually due to other causes, which can be eliminated. In this book, I will explain how I performed my investigation; then I will share some important information so that you, too, can avoid the hardships our culture usually condemns women to with the outbreak of menopause. Even if you are already suffering from some so-called menopausal symptoms, it's not too late to take action to live a happy and healthy menopause. This little book is easy to read, free of medical jargon, and considers the spiritual dimension of women.

the cure for all diseases by hulda clark: Spirit of Health John Chamberlin, 2006-01-11

Spirit of Health is a book about the simple things that you can do when the medical system is paralyzed and not able to offer you the best care and attention. This self-help manuscript acts like a memory prodder for natural healing and triggers changes to all inner mind processes such as the negative disruptive conflicts of emotions, thoughts and words. The aim is to guide you to empower yourself and remove blocks and barriers causing disease that have been obstructing your inner health, peace, harmony and strength.

the cure for all diseases by hulda clark: *Live Pain Free Cookbook* Jesse Cannone, 2016-10-11 Inside this nutritional Bible you'll learn how to make guilt-free food choices without sacrificing great flavor. This is much more than just another book with a few recipes and shopping lists. While it includes dozens of easy to make, delicious recipes, it also helps you identify the specific trigger foods you need to avoid if you want to live pain free. Plus, 40 simple recipes that promote healing and relieve pain will get you started using your newfound knowledge right away.

the cure for all diseases by hulda clark: *The Rite Way to Immortality* F. Catanza Rite, 2009-03

the cure for all diseases by hulda clark: *Depression and How Your Dreams Can Help You Avoid It* Anna Mancini, Over the course of this book, we will examine the most common areas of loss and gain of life energy, before considering some examples of dreams that signal damage to this energy, which after a while, if nothing is done to change the situation, can trigger depression. We will conclude by opening new horizons through the presentation of some little-known, forgotten or once forbidden technologies, destined to recharge the human body with energy and therefore to act on the main cause of depression, that is, lack of energy in the body. For more than thirty years, I have observed the functioning of the human body at the junction between dream and reality. Dreams show that the number one goal of the subconscious and the body is the preservation of LIFE. Therefore, the body and the subconscious never fail to inform us of everything that harms it. They do this mainly through dreams but also through physical cues. Dreams always sound the alarm bell when we lose too much energy, and they often offer a solution long before it is too late to avoid depression. By observing your dreams, you will be able to get to know yourself better both psychologically and physically. You will be able to better manage your energy and stop wasting or losing it through ignorance. You will be able to understand how to make life choices which will allow you to almost always have enough energy at your disposal to remain mentally healthy and to enjoy an existence full of joy.

the cure for all diseases by hulda clark: *The Eight Immortal Healers* Mantak Chia, Johnathon Dao, 2017-08-15 A detailed guide to restoring the eight foundational areas of health • Explains how each of legendary Taoist masters known as the Eight Immortals has a specific area of health as the focus of his or her teachings • Offers practices, techniques and guidelines for each of the Eight Immortal Healer teachings, including the important roles of oxygen and water in the body, nutrition, detoxification, exercise, energy work, emotional pollution, and spiritual hygiene The Eight Immortals are a group of legendary ancient Taoist masters, each associated with a specific area of health or a powerful healing technique. These eight disciplines can bestow vibrant health and well-being and provide the antidote to the stresses, ailments, degenerative diseases, and toxins of modern life. In this guide to the healing practices of the Eight Immortals, Master Mantak Chia and Johnathon Dao share the legends of each Immortal teacher and detail the many ways to apply their wisdom through nutrition, exercises, supplements, detoxification methods, spiritual practices, and energy work. They explain how the first Immortal, born during the 8th century AD, is associated with oxygen, considered in the Taoist healing perspective as the body's primary nutrient. They discuss how oxygen deficiency is the main culprit in cancer and virus and provide a number of oxygen therapies including the use of hydrogen peroxide and deep breathing to stimulate the metabolism and immune system. The second Immortal Healer centers on water, and the authors explain how chronic dehydration can lead to a host of ailments and offer advice for rehydrating. The other teachings of the Immortal Healers include Nutrition, with guidance on supplements, superfoods, toxic foods, and daily meals; Detoxification, with detailed guidelines for cleansing the

body's organs and glands; Avoiding environmental poisons, with advice on vaccines, dental amalgam fillings, sunscreen, chemotherapy, fluoride, and pesticides; Exercise, with step-by-step instructions for Inner Alchemy practices, yoga, and breathing techniques; Maintenance of the energy body, through acupuncture, chi kung healing, magnet therapy, and photon sound beams; and Emotional pollution and spiritual hygiene, with a wealth of practices for balancing the emotional body and staying connected to Source, including forgiveness, meditation, and karmic yoga. By following these Eight Immortal Healers, you can take control of your health, remove the root causes of the chronic ailments that inhibit well-being and longevity, and choose to live life to the fullest in happiness and radiant health.
